German Robot Bombs Damage London Area In New Assaults

GROUND DEFENSES SHOW IMPROVEMENT

Increased Fury Of Aerial Assaults Designed For War Crisis

LONDON, July 26.—Stuttgart, the Reich's vital precision tool center in southwest Germany which was battered by a devastating aerial assault only 21 hours before, was torn by new explosions and flames today after the Royal Air Force administered a second successive concentrated night assault.

Formations of allied fighters went out by daylight in the early morning hours today and headed in the direction of Calais. Other formations flying at high altitude and believed to be bombers, followed.

Third Straight
Berlin was battered with block-busters for the third straight night when the bomber command sent fresh squadrons of speedy Mosquitos against the Nazi capital.

The air ministry said its planes were out over Germany during the night in great strength and also loosed "heavy" additional bombs against flying bomb launching sites in northern France.

The assaults on the Reich proper included an attack by heavy bombers on the synthetic oil plant at Wanne-Eckel in the Ruhr.

The Stuttgart assault was a concentrated raid similar to that carried out the night before and lasted 15 minutes. The bombs were dropped shortly after 2 a. m. Returning pilots reported good visibility over the targets and said large fires were left burning in the city.

The Germans resumed sending pilotless bombs against the southern counties of England, including the London area, after the British during the day had enjoyed their longest respite from the robot missiles since July 8. The ministry of defense said today.

With the warm weather on hand, doors of homes near sidewalks in the downtown vicinity were noticed propped open by means of hideous iron rods, squint-eyed kittens that apparently have been in use for regular cut blocks of glass and other images cut out of chunks of wood and stone.

News boys have their own particular place in this world. Many a famous man's life was started by means of a paper route when but a mere lad. News boys are hustlers and this step in their moulding of character, that of approaching people, talking with them and selling their papers is a stepping stone in their early education. We should be courteous and respect our news boys the world over.

With a new level put on tasty desserts and delicacies, Pa Neve notices in downtown eating places that the old fashioned dish of the cream again is being favored. Fancy sandwiches and rich dips on scoops of ice cream are being temporarily put into the background.

Tojo Collapse Means New Jap War Plans

By MAJOR PAUL C. RABORG
(Written Especially For N. C. News)
NEW YORK, July 26.—(INS)—Words of greatest wisdom were spoken by Admiral Ernest J. King and Admiral William F. Halsey at Secretary of Navy Forrestal's news conference in Washington.

Admiral King pointed out that the collapse of Tojo's Japanese cabinet was a sure indication that the Japanese war lords were dissatisfied with the manner in which their battles had been fought. But on the other hand it was not the slightest indication that the Japanese army, navy and air force would do anything but fight to their limit in the future.

This column four days ago—July 21, stated as follows: "There is another conclusion which may be arrived at with complete certainty. There will be no slackening in the war effort of the empire of the rising sun."

Alter Strategy
Admiral King said that of a certainty in the immediate future the new Japanese government would alter its war strategy. He said no one could tell whether that alteration would involve greater defensive or offensive operations. Only time and battle will give that answer.

On the same date the following was written in this column: "Therefore you may also be certain that the new Japanese cabinet will immediately order a new Japanese strategy of defense." That (Continued on Page Two)

Doran Family Of Marshall Avenue Believed To Hold Service Record

Mr. and Mrs. Edward F. Doran, of 942 Marshall avenue, believe they hold the record for having the largest number of sons in the service of their country, a seventh son, who has been accepted for service at the Pittsburgh Pre-Induction Examination Center, awaits his call to duty.

Two of their sons, Corporals Francis and John Doran, the former in a chemical warfare unit, and the latter in the infantry, met in the front lines in France a few days ago, and enjoyed a brief visit during a lull in the fighting. It was the first time they had seen each other for many months, and they hope to be able to get together again, they stated in the letter they wrote home to their parents.

The service record reads as follows:
Cpl. Francis Doran, in France with a chemical warfare unit; Cpl. John Doran, also in France with the U. S. Infantry; Edward C. Doran, S-2-C, stationed at Solomon Barracks, Washington, D. C.; Regis Paul Doran, S-1-C, somewhere in the Pacific; David P. Doran, U. S. Army, Camp Edwards, Mass.; and Pvt. Robert Doran, Tank Division, recovering from injuries in an army hospital in Maryland.

William, the seventh son to enter the service, left this morning to join the Merchant Marine, while Raymond, who has passed his pre-induction physical examination, is now at home awaiting call to service.

It was learned in diplomatic circles today that the Vatican has transmitted a proposal to Washington to protect it from a possible German sneak attack, which would endanger historic shrines and monuments.

The war department has described the proposal as "academic," pointing out that the war front is far to the north and the Germans have few planes for bombing. The department also said that only subsidiary army offices are maintained in Rome, adding that "we have no intention of abandoning the transportation facilities of Rome."

The office of rubber director has achieved a unique place among Washington's many bureaus and agencies. It has closed shop with the announcement that its work is done. It was organized ten months after Pearl Harbor, and in less than two years put more than synthetic rubber plants, costing approximately 750 million dollars, into operation to give the U. S. independence from Jap-held Oriental rubber plantations.

Col. Bradley Dewey, like his predecessor "Big Bill" Jeffers, has resigned, effective Sept. 1. "Rubber" itself is no longer a problem," he said, adding that manpower was the chief worry now. Dewey expressed belief that both synthetic and crude rubber would be needed in the post-war world.

Congress is expected to remain in recess until after Labor Day after formally reconvening next Tuesday. Sentiment is strong for another four week holiday. Also on the homefront, Secretary of War Stimson sternly warned against the possibility of an early German army collapse.

Over 2,400 Japs Killed On Guam, Tinian Score Exceeds 1,324

WIDEN BEACHHEAD ON TINIAN ISLAND

By RICHARD V. HALLER
(U. S. Staff Correspondent)
PEARL HARBOR, July 26.—(INS)—Northern and southern forces of the American invaders of Guam were in patrol contact today, extending United States control over an area embracing almost one third of the island's western shore, exclusive of the Oroquieta peninsula, on which Jap defenders have been isolated.

Advance Lines
Steady progress in the battle to retake the former American possession was announced by Admiral Chester W. Nimitz in a communique revealing also that Yank fighting men on Tinian island, invaded Sunday, have pushed their lines half way across the northern end of the island.

Our Tinian forces now control part of the Udon airfield, reported to be one of the finest airbases in the Marianas, and have widened their beachhead, which now stretches three and one-half miles along the northern shore.

Japanese dead on Guam and Tinian as of Monday, Nimitz announced, number at least 3,724—more than 2,400 on Guam and in excess of 1,324 on Tinian.

American losses so far on both islands were given as 458 dead, 209 missing and 2,621 wounded. Fifteen of the American dead and 225 of the wounded were casualties in the battle of Tinian.

Although the extent of injuries sustained by the wounded was not classified, it was recalled that many of the American battle casualties on Saipan were only slightly wounded and able to resume field duty shortly after hospital treatment.

The application, presented thru Capt. William B. Rodgers, president of the Tri-State Authority and of the U. S. Flood Control Federation in Pittsburgh, would provide an \$8,500,000 flood wall on the east side of the Ohio river from Legionville, near Ambridge, to Rochester, and a \$900,000 flood levee on the Beaver river to take care of the low-lying areas in Bridgeview borough.

SOVIET FIGHTERS KNIFE NAZIS

All along the extensive Russian battlefield, Soviet armies continue to slice their way through Hitler's legions in the east. The names in white (arrows) show the Russian commanders and the direction of drives for their forces. Zhukov's units are striking directly at the heart of Poland and are reported to be fighting in the streets of Lublin. Other Soviet forces to the north are said to be but a two-hour march from German East Prussia. Konev's Army has broken into the plains beyond Lwow and captured the rail junction of Rawa Ruska.

LONDON, July 26.—(INS)—Red Army troops advancing westward toward Warsaw reached the Wisla River at a point 60 miles southeast of the ancient Polish capital, the German DNB agency admitted today.

The dispatch said Russian spearheads succeeded in driving to the stream where it forms a junction with the Wieprz near Deblin, roughly 40 miles northwest of Lublin.

Need For Rubber Director Ends

WASHINGTON, July 26.—The Office of Rubber Director, which came late to the wartime scene, today became the first of Washington's multitude of agencies to reach the end of its job and signal its own demise.

Organized about 16 months after Pearl Harbor, ORD built and put into operation in less than two years more than 50 synthetic rubber plants, costing approximately 750 million dollars, which made the United States independent of the Jap-held oriental rubber plantations.

DETROIT, July 26.—(INS)—Two strikes in the Detroit area were settled today while one other, at the Statler hotel, continued into its seventh day.

Drivers of five creameries unanimously voted last night to resume milk deliveries. They struck July 10 when demands for a swing shift were denied.

A one day walkout at the Packard Motor Company was ended when employees voted to return to their jobs pending WLB action on their assembly line and threatened to close the entire plant.

Pope Pius Asks Rome Declared An Open City

Proposes To Guard City Against A Sneak Attack—Request Termed Academic

By LEON PEARSON
(U. S. Staff Correspondent)
WASHINGTON, July 26.—The Vatican has transmitted a proposal to Washington that Rome be declared an open city to protect it from a German sneak attack.

The proposal expresses the apprehension of Pope Pius XII that the allied military activity in Rome might provoke a German air attack which would endanger the shrines and historic monuments of Rome and the Vatican.

This is the same text expressed in a previous Vatican message of last November, when an unidentified path for our inquiry.

The incident, occurring when Rome was occupied by the Germans, led to proposals by the Irish Prime Minister De Valera that Rome be declared an open city. The reply of the U. S. government was that the fate of Rome rested with the Germans.

Now that the tables are turned, a similar request has been made of the allies for demilitarization of the city.

The pope's proposal has not been favorably received by the war department, which describes it as "academic," in view of the fact that the war has passed far to the north of Rome and the Germans have few planes even at the battlefield.

Four Are Burned To Death In Fire At Mt. Carmel

MT. CARMEL, Pa., July 26.—(INS)—Four persons were burned to death today and another seriously injured in a fire of undetermined origin that leveled a frame dwelling in Mt. Carmel.

The victims were Loretta Dula, 4; Mrs. Mary Radatz, 36; and her two children, eight-year-old Barbara and Mary Lou, seven.

The Radatz family had arrived at Mt. Carmel last night from Jersey City, N. J., for a visit with Mrs. Sophia Dula, 36, the grandmother, who was severely burned and taken to the Ashland State hospital for treatment.

WITH AMERICAN FIRST ARMY FORCES IN NORMANDY, July 25.—(Delayed)—In the wake of the heaviest bombing attack in history against a small area, American forces fought forward today to score gains of more than a mile and a half across the St. Lo-Periers road west of St. Lo.

The bombing was spectacular and terrifying as 3,000 planes, including Liberators and fortresses as well as mediums and fighter-bombers roared across the occasionally flak-speckled, slate-gray sky and slammed high explosives into the narrow target area.

Still Hold
The bombing killed some Germans, wounded others drove some crazy and forced some to surrender. But it failed to blast a wideopen path for our infantry.

When the Doughboys went forward they found German paratroopers and Nazi "SS" forces still functioning—in fact on an increased scale in some areas.

No spectacular break-through developed. Instead it was the familiar hedgerow-hopping at a heart-breaking slow but nonetheless fairly steady pace in most sectors.

Fire Sweeps Ship, Nineteen Injured

Seventy Rescued As Blaze Envelops 10,000 Ton United Nations Ship

NEW YORK, July 26.—(INS)—At least 19 men were injured and about 70 others were rescued today when a raging fire swept through a United Nations cargo ship tied up at a Hudson river pier at 134th street.

The flames, fed by oil in the vessel, shot upward 100 feet and forced some of the crewmen and coast guard gunners to leap from the vessel into the water where they found themselves engulfed by flaming oil on the river.

Among the injured were four policemen who jumped into the water to rescue two coast guard gunners. Others struggling in the water were saved by small craft and other members of the crew.

A score of other men including coast guardmen crew members and welders were taken from the ship by the fire department. The ship down lofty ladders erected by firemen.

Although the heavy steel plates of the 550-foot 10,000-ton ship were subjected to intense heat and much of the gear and equipment inside were destroyed, it was believed that the big vessel was saved.

Dewey-Bricker Meeting Today

Republican Candidates To Discuss Plans For Campaign Program

B. LEO W. O'BRIEN
(L.N.S. Staff Correspondent)

ALBANY, July 26.—The two men upon whom the Republican party has its hopes of ending 12 years of Democratic national rule next November—Gov. Thomas E. Dewey of New York and Gov. John W. Bricker of Ohio—met today for the first time since their nomination at Chicago.

Gov. Dewey cleared his calendar for day and evening conferences on campaign issues and strategy with Gov. Bricker, who came to Albany with Mrs. Bricker. The Ohio governor will proceed to New York City tomorrow for a meeting with National Chairman Herbert Brownell, Jr.

Discuss Plans

The Republican presidential nomination was to be discussed in detail with Gov. Bricker plans for the Aug. 1 and 3 conference of Republican governors at St. Louis, which both candidates will attend as well as his scheduled visit next Monday and Tuesday to Pittsburgh and Springfield, Ill., where he will meet with Republican members of Congress and with leaders of labor, business and agriculture.

Both Dewey and Bricker, who have conversed over the telephone several times since the national convention, and said to be in agreement on the importance of planning before the voters the claimed superior qualifications of the Republican party to handle the problem of reconversion from a wartime to a peacetime production basis.

That will be the principal theme of Gov. Dewey's talks at Pittsburgh and Springfield.

Outline Program

The Republican candidates also were to discuss at some length the agenda for the St. Louis conference of governors, a program upon which Dewey worked over the week-end at his Pawling farm.

The New York governor also was expected to discuss with his running mate the general political situation in the middle west, particularly in Ohio, where the Democrats inquired to make a special drive in the hope of breaking up the Republican sweep in that section of the country.

While the Democrats hammer at Republican ramparts in Ohio, however, the Republicans intend to wage an intensive campaign in Pennsylvania, claimed for President Roosevelt by some Democratic leaders because of the heavy labor vote in that state.

TAKE POSITION

LONDON, July 26.—(INS)—The British Second Army broke into German positions west of the Caen-Falaise road, the Nazi high command admitted today in a communiqué which claimed that the position had been regained after bitter fighting.

AMERICANS GAIN IN BITTER FIGHT WEST OF ST. LO

(Continued From Page One)

swarmed down at 10 a. m. to hit targets across the Peñon-St. Lo highway. Then the heaves came in an loosed their deadly cargoes between smoking flares dropped by pathfinder craft.

Spoke billowed up from the low-ground target area in a great choking and ever-growing cloud that blew steadily toward the American lines.

For the next two hours an endless roar of bomb explosions rocked the area and reverberations were so sharp those even at safe distances behind the Yank lines had to keep mouths open to relieve the pressure of ear drums.

No Ground Fire

The bombing reached such a point of saturation that medium bombers which wound up the show were able to soar in over the target without meeting German ground fire.

Great clouds of smoke and dust spread over the target boundaries and as a result some bombs fell among the American troops, causing some casualties. However, today's bombing was more accurate than lots of previous similar operations.

When the last of the heaves drummed over near noon, all artillery in the area cut loose, adding to the bedlam which stunned the senses.

Then American infantry attacked. Although it was hard to believe anyone could survive the aerial assault, the Doughboys found many Germans not only alive but still shooting.

In the first 10 hours of the attack some prisoners were taken. These included some Austrians and Albanians thrown into the lines yesterday with orders to attack at 5 p. m. But after a taste of bombing yesterday, when some American planes hit the target area, they covered in holes throughout the night.

When the bombing ended today, survivors ran over to the American lines with hands up, many blubbering and screaming in agonized, crazed fear. Others were unable to talk beyond mumbling "it was terrible, terrible."

One man said he was the sole survivor of his entire company. Approximately 30 prisoners hospitalized were suffering from shock. Many of the remainder of the prisoners overrun by the American advance were still cowering, having survived the bombing without harm.

They had held out in machine-gun positions, organized around dug-in tanks or farmhouses until completely surrounded.

NEED FOR RUBBER DIRECTOR ENDS

mitted at its word in 1942 and "billed through" the rubber program in its early stages with an occasional blast at Army and Navy "loafers."

No Longer Problem

After one year in office, Jeffers went back to railroading in Omaha. And now, announced, Col. Bradley Dewey, his successor, announced: "Rubber itself is no longer a problem."

With this statement, Dewey resigned his office, effective September 1, and recommended dissolution of ORD. The job of allocating the supply of synthetic rubber, now being produced at a rate of 63,000 tons annually, will be turned over to WPB.

Dewey also delegated to WPB and the War Manpower commission the task of recruiting 6,000 workers needed to man the plants which fabricate synthetic rubber into tires and other products. Manpower, Dewey declared, is "the unsolved problem."

Synthetic Rubber Galore

"In submitting my recommendation, I emphasize that there is still work to be done if the country is to be kept on wheels," Dewey said. "Above all, this must not be taken as a signal for waste of rubber or rubber tires by use of speed."

Dewey stressed the fact that the new synthetic plants can produce all the rubber the country can use, if manpower is found to fabricate it. An estimated four million, 711 thousand trucks and bus tires are needed in the third quarter of this year, while production is expected to total only three million, 750 thousand on the basis of present manpower condition, Dewey said.

The 1944 goal of 22 million passenger tires, enough for essential requirements, will be met.

RAINBOW AWAITS BIG CONVENTION

(Continued From Page One)

2 p. m. Thursday, August 3. That evening, there will be a beautiful pageant followed by presentation of awards.

Friday morning there will be a majority service, which will be followed by election of officers, with a luncheon at noon in the Highland U. P. church for district deputies, most of whom are grand officers. In the afternoon at 3 o'clock there will be a splash party, followed by a box supper at Cascade Park. Initiation of grand officers will be in the evening starting at 8 o'clock with a beautiful Rose service, conducted by George N. "Dad" Clark, supreme deputy.

Conclude Saturday

The convention sessions will conclude Saturday morning, with open installation of grand officers. In the afternoon there will be school of instruction, and in the evening the grand banquet, with presentation of the attendance cup by Dad Clark, followed by remarks of the grand worthy advisor, Miss Sarah C. Wilson of Altoona.

Following this will be the exhibition of the beautiful grand cross of color degree, under the direction of Supreme Deputy Clark and Grand Worthy Advisor Sara Wilson, assisted by the members of New Castle Assembly.

The grand ball in the crystal ball room of the Cathedral will close the activities.

'COTTON ED' SMITH LOSES NOMINATION

(Continued From Page One)

Dr. Carl Epps of Sumter; Attorney General John M. Daniel and anti-New Deal A. S. Merrimon, Sumter attorney, trailed far behind.

In 1420 of the state's 1540 precincts, the count stood: Johnston, 124,936; Smith, 79,417; Daniel, 12,402; Epps, 7,429; and Merrimon, 2,807.

Johnston thus had an excess of 20,000 votes more than his four opponents' combined ballots.

Nominations in traditionally Democratic South Carolina, as in most southern states, is tantamount to election.

The ballot in South Carolina is limited to white voters under a rule of the Democratic party, but Negroes made efforts to vote in several cities in order to furnish the basis for a court test. They were refused ballots in all cases and left the polling places quietly.

Positions of Polish troops of the eighth army in the Adriatic sector are unchanged.

American fifth army troops are encountering stubborn German resistance in the Pisa area, where heavy exchanges of artillery and considerable patrol activity have taken place.

The Germans continued to shell that part of Pisa lying south of the Arno river and also covered lively river crossings with heavy mortar fire.

Nazis Resist

Enemy strongpoints in the horseshoe loop of the river east of the city include a hill position some two and a half miles outside the city limits. There the Nazis are offering determined resistance to Yank elements penetrating that area.

The German-held Caprona area was taken under artillery fire and a number of enemy guns were knocked out.

All along the fifth army front, the increased use of nebelwerfers (multiple mortars) by the Nazis was reported.

Sixty-five enemy planes were destroyed in yesterday's aerial operations, during which planes of the Mediterranean allied air force flew approximately 1,700 sorties and struck a hard blow at the Hermann Goerring tank works at Lanz, Austria.

Twenty-six allied planes failed to return.

Heavy bombers also blasted the rail yards at Villach in Austria, while tactical aircraft ranged over northern Italy, the battle area and Yugoslavia, striking at rail lines and bridges, roads, transport, shipping and enemy installations.

It may now be revealed that a last-minute German effort was made to declare Rome an open city, just as the fifth army was knocking at the gates, last month.

On Saturday, June 3, the German ambassador to the Vatican, Baron Ernst von Weizsacker, submitted to the Vatican such a proposal, which was promptly rebuffed by Washington. Received Sunday at the apostolic delegation in Washington, it was hardly decoded before the fifth army had actually entered the gates of Rome, in the afternoon.

Tanks were spearheading infantry drives inland, knocking out Jap strong points on high ground as the infantrymen moved toward mountainous country.

In a dispatch from a destroyer off Tinian, International News Service war correspondent Clinton Green reported that the only sign of life observed on the island just before the landings was four Japs peering from a cave.

The main body of the enemy garrison evidently waited far off shore preparing to counter attack. When the Jap attack came in the pre-dawn hours of Monday morning the screaming Nipponese were virtually annihilated by battle-hardened second and fourth division Marines.

New Attack

At mid-morning the Marines, covered by heavy barrage from land and naval guns, launched an attack of their own, shoving their lines half way across the northern end of the island.

Admiral Nimitz announced new aerial blows against the enemy at widely-separated points in the Pacific. The heaviest raid was leveled against Truk, Japan's by-passed naval base in the Carolines, on Sunday. Liberators of the army's Seventh air force poured 467 tons of explosives on Truk's waterfront installations, warehouses, anti-aircraft batteries and airdromes.

German forces were retreating toward Warsaw in a state of disorganization and from dispatches said they did not even take time to mine roads effectively in the path of the onrushing Soviet tanks, infantry and cavalry.

At least 7,000 Germans were slain in Tuesday's fighting on all fronts, 3,000 of them in the area west of Lodin, where another 700 were taken prisoner.

Northwest of Warsaw, the Russians drove to a position less than two and a half miles northeast of the rail junction of Ballstok, northern suburb of Warsaw, where they were fighting the Nazis.

Further to the north, other Soviet units severed the vital rail route running from Dniprova (Dvinsk) in southeastern Latvia to the capital city of Riga on the Baltic.

Release More Towns

The Soviet communiqué said that more than 385 towns and villages were liberated by the Russians on all fronts yesterday, over 200 of them in the area north and west of Lublin.

Soviet troops advancing west of Grodno in the direction of East Prussia captured the town of Lapsk, 18 miles beyond Grodno and 36 miles from the German-designated East Prussia frontier.

Gen. Gaspé, commanding the 13th German Army Corps, surrendered with his staff after being wounded in the fighting near Lwow.

GERMAN OFFICERS WARNED BY DR. LEY

(Continued From Page One)

Exchange Telegraph Company, said Goebbels would speak from 8:15 to 9 p. m. German time (2:15 p. m. to 3 p. m. EWT).

The latest threat to German officers was contained in an order by Dr. Robert Ley, Nazi leader of the labor front, according to an Exchange Telegraph Company dispatch from Zurich. The dispatch quoted a Berlin correspondent as stating that Ley directed that the entire officers corps be notified that members of families of officers un-docked as traitors to the Nazi regime will be held responsible and executed.

Ley warned specifically against any persons inclined to fail in with the appeal issued from Moscow by a group of captured German generals to overthrow Hitler and place the destiny of the Reich in their hands.

"Time To Strike"

The appeal to German women was made by a female announcer of the German freedom station.

"It is your turn now to strike a blow for the liquidation of Hitler," she declared.

"Everyone of our men leaving for the front today is doomed to death," she continued.

"We must prevent such happenings. Troop and armament transports must be delayed."

The Nazi propaganda agency DNB continued to seize upon the purported assassination attempt against Hitler and the disaffection of German officers as the cause for Nazi reverses in Russia.

statement was made because the Nipponese empire is at present fighting a defensive war. It might take the offensive at any time but only as the best form of defense.

It seems apparent that the balance of strength in the Far East is so greatly in favor of the United States and the Allies that any offensive move Japan makes will be entirely an effort to accomplish the most effective defense. That rule, however, does not apply to the fighting on the mainland of China. There the Nipponese have acknowledged superiority in ground forces and that is the only large scale offensive which as of this time is being waged against the United Nations.

Not Too Specific

Admiral King was not too specific as to the strategic advantages which he has acquired by the seizure of Saipan in the Marianas which will be greatly increased when we complete the capture of the islands of Iwo Jima and Guam. By strongly holding Saipan with naval and air forces, the United States could have nullified the remaining islands of the Marianas group without attempting to assault them. The fact that we have attacked the other islands is a very strong indication that the high command plans to make the Marianas a great base for offensive operations against the empire of the rising sun.

Though it is a 1300 mile over-water jump to the largest and northernmost of the Philippine Islands, Luzon, where we capture that island the Nipponese would have nullified the remaining islands of the Philippines group without attempting to assault them. The fact that we have attacked the other islands is a very strong indication that the high command plans to make the Marianas a great base for offensive operations against the empire of the rising sun.

distance of 6.8 miles and the levee construction at Bridgeport would be 104 miles in length. If the program is approved finally, it would be carried out by U. S. engineers and it was hoped at federal expense.

First Step

The application for flood relief is Beaver county's first step toward achieving the postwar blueprint prepared for the county commissioners by Michael Baker, Jr., of Rochester, Pa.

In pointing out the vital need the flood control in the area, the preliminary application declared:

From 1926 to 1942, Beaver river floods have resulted in \$1,653,387 worth of property damage to the borough of West Bridgeport, in Ohio river the construction of the proposed flood wall would make possible the reclamation of industrial sites from Rochester borough to Freedom borough; in the Conway area along the Ohio, the program would protect and prevent possible loss to the county of the Pennsylvania railroad assumption, one of the largest in the nation.

Ground Defenses

With the apparent strengthening of ground defenses to combat the latest danger to residents of England, the anti-aircraft batteries in southern England put up one of the biggest barrages yet against the robot bombs.

The London Daily Mail said meanwhile that the newest cycle of RAF heavyweight assaults including the Stuttgart saturation raids and the recent blasting of the Kiel naval base, clearly and undeniably have the short term object of bringing the whole war in Europe to an immediate crisis.

SCIENCE WARNS WOMEN ABOUT CAKE MAKE-UP!

WHY ENDANGER YOUR DELICATE SKIN when my Baby-Texture Powder safely gives that smooth "flawless look"

Skin specialists tell me cake make-up may dry out the delicate outer layer of your skin... make you look years older! Even worse, the microscope has revealed caked-up pore openings... caked-up germ-breeding deposits of cake make-up which scumming and creaming failed to remove!

What are these dangers? Why invite these blemishes, coarsening... damage that may be irreparable... when safe Lady Esther Face Powder gives your skin a softer, "flawless look" at the touch of your powder puff!

Hides Lines and Blemishes—Clings 4 Long Hours

Let your mirror show you the lovely difference between my special Baby Texture Face powder and whatever other make-up you are now using... wet or dry.

Examine your face in strong sunlight. See how much younger, smoother, clearer it looks with Lady Esther Powder... even after 4 long hours!

That's all because Lady Esther Face Powder is made differently... by my exclusive Twin Hurricane Process that makes the tiny powder particles so amazingly soft and fine. On your face it is hardly like powder at all, but rather like a delicate film of beauty that hides little lines and blemishes like magic.

So if you want a young, smooth, flawless-looking skin without danger, I wish you'd try Lady Esther Face Powder. When you see how much more glamorous your skin looks, you'll know why more lovely women use Lady Esther Face Powder than any other kind.

What is your experience with cake make-up? Write me, 7178 W. 65th St., Chicago, Ill.

SUZANNE SHANNON WEDS LT. J. F. RENTZ

Tuesday afternoon, July 25, in the home of Mr. and Mrs. Clyde F. Shannon, Market street, New Wilmington, their daughter Marjorie Suzanne, became the bride of First Lieut. J. Fred Rentz, son of Mr. and Mrs. J. F. Rentz, Winter avenue, New Castle, at a quiet ceremony performed in the presence of the immediate families.

At 5:30 o'clock, vows were exchanged before an improvised altar with Dr. J. Ralph Neale, pastor of the New Wilmington United Presbyterian church, officiating. He used the double ring service.

For her marriage, the bride was attired in a white street length dress with all white accessories. Her flowers were bouvardia and baby mums.

The couple was attended by Mrs. Walter S. McKee, sister of the bride and Mr. Richard E. Rentz, brother of the bridegroom, home on furlough from Camp Blanning, Florida.

Supplementing the ceremony, a wedding dinner was served at a New Wilmington tea room, to the bridal party and their families.

Mrs. Harry Shannon of Cleveland, Ohio, was an out of town guest.

The bride, a senior at Westminster college, is a member of Alpha Gamma Sorority. The bridegroom, who is on leave, having completed thirty missions overseas with the U. S. Army Air Corps, attended Oberlin college, Oberlin, Ohio, before entering service.

The wedding has an unusual background, culminating a friendship of years. Lt. and Mrs. Rentz were born on the same day, entered grade school in the same school on the same day, entered high school together, and graduated together, in the class of 1941. Lt. Rentz, graduating with first honors and Mrs. Rentz with second honors.

Lieut. and Mrs. Rentz left on a short wedding trip, and upon returning here, they will leave on August 7 for Atlantic City where the former will report for further duty.

Following the ceremony, the bride's sorority serenaded the couple.

JUANITA CLUB HAS FAMILY GATHERING

Juanita club members entertained informally at a gathering Tuesday evening at the home of Mrs. Wilbur Sloan, Englewood avenue, with husbands and families as guests.

An informal social time followed the dinner period, with a varied program of games and contests claiming attention.

Committee on arrangements included Mrs. Sloan and Mrs. L. A. Wyant.

Next regular meeting of the club will be August 4, with Mrs. Ralph Higgins, Audley avenue.

N. O. T. Club Gives Farewell

N. O. T. club members at a dinner meeting on Tuesday evening at Cascade park bade farewell to one of the group who will leave this evening to make her home in Akron, O., Mrs. Joe Lampasona.

Mrs. Lampasona was presented with a farewell gift from the club. Games and dancing were diversions.

The club will meet on Wednesday, August 9, at the home of Miss Josephine Russo, Friendship street.

The ceremony will be an open church service at 3:30 o'clock on Saturday afternoon, August 12. Dr. Burr R. McKnight will officiate.

A reception at the Alexander home will follow the ceremony.

LOCAL GIRL WEDS CALIFORNIAN HERE

Miss Marjorie Boyd, daughter of Mrs. Mary Boyd, 21 1/2 North Mill street, and Alvin C. Abrahamson, seaman second class, son of Mr. and Mrs. Alex Abrahamson of San Francisco, California, were married on Sunday, July 23, at the First Methodist church, with Rev. Burr McKnight.

With her street length dress of powder blue crepe, the bride wore white accessories and a corsage of pink roses and sweet peas. Present at the ceremony was the bride's family.

After a short wedding trip the bride will be at home at her mother's residence on North Mill street, and the groom will return to duty in California.

STAFF OFFICERS PLAN PICNIC EVENT

Staff Officers of Gunnersy Set Harry T. Burr Marine Corps Auxiliary met in the home of their president, Mrs. Anne Castelle, Neshannock avenue, last evening to complete plans for a family picnic. The event will take place at Cascade Park on Sunday, August 20, jointly with the Marine Corps Legion Detachment.

Committee on arrangements includes Mrs. Castelle, chairman; table, Mrs. Elizabeth Cartwright; Mrs. Sabina Suber and Mrs. Mary Maturo; coffee, Mrs. Irene Minner; Mrs. Anna Johnson and Miss Patricia Minner.

An informal social period brought the evening to a close, with refreshments being served.

St. John's Lutheran Group

Members of the Women's Missionary society of the St. John's Lutheran church met Tuesday evening at the home of Miss Mary Riffe, of Park avenue.

This was also a farewell for Miss Mary Good, a member, and her mother, Mrs. Emma Good, who are leaving this week to make their future home in Wapewalden, Pa.

Mrs. Lee Lutz, vice-president, presided at the business meeting. Devotions on the theme, "Solid Foundations" were conducted by Mrs. William Emery.

Dainty refreshments were served by the hostess, aided by Miss Bollinger, Mrs. J. W. Trent and Miss Richards.

Mrs. Emma Good, Mrs. John Seanson, Mrs. H. Hallgren, Miss Lena Richards, Miss Emma Bollinger and Rev. and Mrs. A. E. Simon shared as special guests. Mrs. J. Crump of Pittsburgh, houseguest of Mrs. A. J. Gavroy, was an out-of-town guest.

- Fast acceleration cuts gas mileage as much as 20-30 per cent. Accelerate gradually in first and second speeds.
- Quick starting and stopping wastes gas! Maintain even speed; anticipate traffic stops.
- Drive at moderate speeds; 20-30 M.P.H. is the most economical. On the highway, don't exceed 35 M.P.H.
- Under-inflated tires increase rolling resistance and tire wear! Check tire inflation weekly.
- Dragging brakes waste gas! Keep brakes properly adjusted. For safety, have them relined if necessary.
- Have your car lubricated regularly—make sure your oil filter is working efficiently. Replace if needed.
- Evaporation occurs faster in hot weather. Don't neglect the battery. Add water frequently as needed.
- A dirty or neglected cleaner impairs engine performance. Have the air-cleaner inspected and cleaned if necessary.

Pittsburgh Meeting Annoys Politicians

HARRISBURG, July 26—Capitol Hill political circles were somewhat nettled at Gov. Thomas E. Dewey's agreement to meet Pennsylvania's political leaders at Pittsburgh July 31. It gives the appearance, they say, of the state chieftains finding it necessary to "go" to Dewey in-

stead of the Republican presidential standardbearer "coming" to them.

Several leaders have summed up Dewey's stand to be the result of the failure of Governor Martin to invite Dewey to address a meeting of farm leaders at Harrisburg last winter. Dewey also apparently has been aware of the fact that some prominent GOP leaders accepted him as the candidate only after it became apparent that Gov. John W. Bricker, of Ohio, could not capture the party's highest honor.

SAMPSON, N. Y. (INS)—Four thousand decks of playing cards and a variety of games and puzzles were distributed recently to recruits and bluejackets of this naval training center and to patients of the adjoining naval hospital by 12 members of Vulture local, 51, American Legion, at Buffalo. The Legionnaires, members of the 40 & 8, drove to Sampson from Buffalo in the familiar "locomotive and box car" of Legion parades.

Says Timber Output Higher This Year

Secretary Expects Production To Surpass 15,000,000 Board Feet Produced Last Year

By JAMES H. SMITH
 (U.S. Staff Correspondent)

HARRISBURG, July 26—(INS)—Despite wartime labor and equipment shortages, state-owned forests were expected this year to surpass the 15,000,000 board feet of timber produced in 1943, deputy secretary of forests and waters William E. Montgomery said today.

He disclosed that timber production on the 1,654,751 acres of state-owned forest lands, located in 39 counties, was "slightly ahead" of last year's output which netted the state approximately \$132,000.

Montgomery explained that the department awards contracts to private firms averaging \$880 a thousand sand feet.

The general assembly, complaining of a lack of funds, has refused to appropriate funds to expand the state's forest system.

Pennsylvania is divided into 24 forest districts, he said, is under the supervision of district foresters. Forest rangers, each of whom patrol about 20,000 acres of land, act as foremen and choose the mature timber to be cut.

Wherever mature timber is found we are making an effort to have it removed," Montgomery said. He explained that while the U. S. government does not contract with the state for timber, the majority of it is earmarked for war use.

In addition to selecting timber foresters are charged with maintenance of the approximately 50,000 acres of state lands devoted to 31 parks, 13 monuments and 43 picnic grounds.

In 1940, approximately 10,000,000 persons visited state forests, but Montgomery was unable to estimate the number this year because of gasoline and travel restrictions and wartime shortages.

He said spring fires did the least damage since 1934. Only 26,000 acres of land were burned over this spring, he estimated.

Says Insurance Isn't Interstate Commerce

PITTSBURGH, July 26—(INS)—Insurance commissioner Gregg L. Neel scored the U. S. Supreme court today for a decision reversing the 75-year-old "insurance law" and said efforts were underway to secure a rehearing in the case.

Speaking at a meeting of the Pittsburgh Rotary club, Neel said the high court's four-to-three ruling held that insurance was interstate commerce and was "the first instance in the 155 year history of the Supreme court that a reversal decision was made by less than a majority of the full court."

He blasted U. S. Attorney General Francis Biddle for his attacks on insurers and said it "indicated an intention to prevent all joint agreements on rates and to force upon the business and unbridled competition in rates which is so apt to result in insolvency of insurers."

Neel disclosed that the value of assets of American insurance companies, excluding fraternal and assessment, associations, exceeds forty-four billion dollars, and that 68,000,000 life insurance policy holders pay annual premiums of \$4,700,000,000.

Parents Hear Son Is In Switzerland

GROVE CITY, July 26—Sgt. William H. Seippel, one of the four sons of Mr. and Mrs. J. H. Seippel, 4000 12th street, fighting on three fronts, has been interned in Switzerland, according to a cablegram from him in which he advised them to get in touch with him through the American Legation at Bern.

No details were given. Sgt. Seippel was a nose gunner on a B-24 bomber and it is believed the plane may have been forced down in enemy territory after he made his way into neutral Switzerland. He had been in Italy only since July 14.

BENDING THE ELBOW

CAMP LEJEUNE, N. C. (INS)—A shining, spicily modern bathtub which would easily lure itself as a prop in a DeMille movie extravaganza is used for antiseptic and cleansing bathing of Doberman Pinschers and German Shepherds in the War Dog Training Company here. Hot and cold water feeds the tub from aluminum pipes and is carefully blended to produce the ideal "dog temperature." Handlers test the temperature with a bare elbow. When it's just right for the elbow it's just right for the dog, explains Capt. J. A. B. Stewart, veterinarian-in-charge.

State Leaders Plan Meeting With Dewey

HARRISBURG, July 26—(INS)—Pennsylvania's political, business, agricultural and veterans leaders received invitations today to confer at Pittsburgh July 31 with Gov. Thomas E. Dewey, the Republican party's presidential hopeful.

Gov. Edward Martin, who will lead the state's delegation, said the New Yorker would hold round table discussions with the various groups.

Down-the-line support was pledged to Dewey by Governor Martin as he prepared to leave the state capital for pre-conference meetings with the executive committee of the Republican state committee.

"I'll do whatever Governor Dewey wants me to do," he declared. "I'm enlisted for the duration of the war and I'll click my heels together and do what I'm ordered."

He said Governor Dewey would dine with the executive committee Monday evening before going to Springfield to confer with Illinois GOP chieftains. Dewey and 25 other Republican governors will meet in St. Louis August 2-3 to map strategy for the fall campaign.

British To Push War With Japan

LONDON, July 26—(INS)—Britain's determination to push the war against Japan following the defeat of Germany was restated Tuesday by Deputy Prime Minister Clement L. Attlee in a declaration to commons pledging the continuance of the selective service act throughout that period.

In reply to a question by Capt. Frederick Bellenger, labor, as to whether the government intends to continue its mobilization regulations after Germany falls, Attlee said:

"They will operate throughout the present emergency but will not end until after the defeat of both Germany and Japan."

Second Polio Death Occurs In Pittsburgh

PITTSBURGH, July 26—(INS)—Nine-year-old Shirley Ann Braun today was counted Pittsburgh's second infantile paralysis fatality as the number of cases treated in the steel city since June 7 was reported at 68.

Twenty-four of the cases originated outside of the city, the health department stated.

Pittsburgh council president Thomas E. Kilgallen, meanwhile said about half of the cases treated at municipal hospital are from outside of Pittsburgh, but that council was not disposed to make distinctions between residents and non-residents as far as expenditures are concerned.

Sergeant Gets Sent Back To His Studies

PITTSBURGH, July 26—(INS)—Sgt. Desales Glover, who at 16 has collected seven medals in 31 bombing missions over Europe, today was contemplating a return to the school he left at 14 to join the army air force.

The tall, gray-eyed boy was discharged when his true age was discovered, but before that he picked up the distinguished flying cross, the air medal with four oak leaf clusters and the Purple Heart. He is officially credited with downing one enemy plane.

Glover was a freshman at a trade school when he signed up.

Grove City To Sell Tags For Playgrounds

GROVE CITY, July 26—The annual Tag Day for the summer recreation program will take place Friday. It is announced Older youngsters from the three playgrounds will sell the tags, under the direction of Robert Standler.

Clubs, organizations, the Cooper-Bessemer Borough Council and School Board assume much of the cost of the program, but individuals can contribute each year with the purchase of tags.

TESTIMONIAL

PORTLAND, Ore.—(INS)—"Hurrah, prunes!" was the cry of eight British tommyes when they found a can in the Burma jungles. Pvt. Frankie McDowen wrote a Portland fruit packing company that they had stormed a Jap position and took it. Left behind in the hasty evacuation was a can of Oregon prunes, probably seized from U.S. Army supplies. The eight enlisted men armaladed the company a "satisfied customer" letter, saying the prunes "greatly revived us."

Meeting Friday Night In
City HallPARADE SATURDAY
TO START AT 8 P. M.

Mayor John F. Haven today stated that plans are complete for a meeting at eight o'clock Friday night in City hall of all committees affiliated with the Recreation project which if successful and indications are it will be, will result in year-around recreation being provided the children of this city.

At the meeting the chairmen and their co-workers will receive final instructions concerning the campaign to raise \$25,000 and for the mammoth parade that will be staged at eight o'clock Saturday night.

The mayor said today that when members of the campaign committees circulate through the city next week that persons who write checks to help the movement should address them to the Recreation Project fund, and not to be personally or the City of New Castle.

Many telephone calls have been received at police headquarters, the mayor's office and the OGD inquiring whether pets, be they animal, fowl or whatnot, must be registered. No pet need be registered.

"No, the children who have pets, be it a raccoon, pony, flying squirrel, white rat, fox, dog, cat, parrot or canary, will go to Croton avenue and South Mill street where they will form a special division.

Feature Worth Seeing

It is believed that this feature of the Recreation project will be one of the best yet staged here and that thousands of people from all sections of the city and county will line the street to see the display.

Chief of Police Robert D. Hanna today stated that East Washington street and the public square will be closed to traffic between six o'clock until after the parade Saturday night.

Members of the auxiliary police and also other groups of OGD workers will assist the city police department.

Police Lieutenant Cecil Suber who has been working as general secretary of the meeting Friday night and the parade Saturday believe that it will be one of the outstanding events of the summer.

Questionnaires Are Due Tonight

Many questionnaires concerning unemployment and housing facilities have come into the Greater New Castle Association offices today but the number already in should be quadrupled. The questionnaire at the bottom of this article is for the purpose of getting information on how many people in the county are unemployed, how many working out of the city would come back home to work and what housing facilities are available for men and women who come here to work.

It is important that these questionnaires be filled out and sent in to the Greater New Castle Association. The information is for the use of the War Manpower Commission and the National Housing Administration.

If you haven't filled out and mailed or sent in your questionnaire, won't you do it NOW. All questionnaires should be mailed by tonight.

MAIL THIS IMMEDIATELY

Fill out the questions and mail or take it to the Greater New Castle Association offices in the Castleton Hotel. The War Manpower Commission and the National Housing Administration want this information quickly. Your cooperation will help.

from the time you step across the door sill of the recruiting station you will discover a whole new life in the WOMEN'S ARMY CORPS. It is a life that will do much for you by developing your mind, your body, your ability to work with others. But the most important factor is that while your life in the WAC is developing YOU into a more complete person, it is, at the same time, helping your country WIN THIS WAR.

Seventh Ward Books On Aviation At Local Library

Those interested in airplanes, how they are made, how they fly, and the men who fly them, may obtain information on practically every phase of aviation from books available at the Mahoningtown Branch of the Free Public Library.

Among the long list of books on this interesting subject are a number to be seen in the display window, with fancy outside paper covers, under the following titles, "Airplanes and How They Fly", Marshall McClintock; "He's In the Air Corps Now", Frederick P. Graham-Harold W. Kullback; "They Fly For Victory", and "Flying Furies", by Keith Ayling; "Types of Planes", "Parts of Planes" and "How Planes Fly" by Norman V. Carlisle; "Bombardier", by Henry B. Lent; "Airplane Carrier", by Lieut. Robert A. Winston, U.S.N.; "He's In the Paratroops Now", A. D. Rathbone 4th; "When I Grow Up I'll Be A Flyer", Lillian Rifkin; "America's Fighting Planes In Action", Reed Kinet.

Joe Dattilo Visits Cousin, War Prisoner

Joe Dattilo and son, James, of 211 West Cherry street, and Domenico Zuccato and Ferdinando Marando, of Butler, have returned after spending a few days visiting with the former's cousin, John Dattilo, who is at Camp Perry, O.

The latter is a prisoner of war there and is one of 1,025 other Italian prisoners at the camp.

This is the first time in 21 years that Joe Dattilo has met his cousin, John, and the meeting, of course, was quite pleasant.

Loses Life In Freedom's Fight

Sgt. Vaughn Weatherby Killed In Action Fighting Nazis In France

Sgt. Vaughn Weatherby, aged 26, son of Mrs. Dora Weatherby, of 422 Epworth street, gave his life in the cause of liberty, when he was killed in action in France on July 5, while serving with the infantry forces of a regular army unit.

The sad message telling of Sgt. Weatherby's death was received by his widowed mother, Sunday, but no details.

Sgt. Weatherby about the manner in which he met his death has as yet been learned from the War Department.

He enlisted in October, 1940, and had been overseas since January of this year. Besides his mother, he leaves two brothers, Jennings L. and Jack E. Weatherby, of this city.

Neshannock Township Paper Drive Begins

Boy Scouts Back Three-Day Drive To Collect Papers And Magazines

Boy Scout Troops 37 and 143 of Neshannock township, are backing a scrap paper drive throughout the township on Thursday, Friday and Saturday of this week.

Newspapers, magazines, cardboard, and wrapping papers are all acceptable. And in fifteen-pound bundles, the papers may be left at any one of eight pick-up stations in the locality. Proceeds from the drive will go to the Boy Scouts and to the library of the Glenmore school.

Collection Centers

Collection centers are Walmo school, front on back entrance; Glenmore school, on the porch at the back; Painter Hill school; Fairview school at the end of Highland avenue, in the coal house at the back; Reid's grocery store in Walmo; Mayberry's service station at the corner in Coaltown; Morse's service station, at the forks of the Pulaski and Wilmington roads; and at the Lawrence, McKnight home on the Graceland road.

Persons going to work, to town shopping, or on any trip to New Castle, can leave their paper on the way in, so that no extra trips are necessary. If anyone has a large enough quantity to warrant sending a truck for it, call A. H. Weiler, 2928-R, and leave the address and directions. The load must be at least 200 or 300 pounds.

Pick-ups from the collection centers will start at 1 o'clock Saturday afternoon. Boy Scouts will take the bundles from all the centers and store it in the schools until it is turned in. So far, Pennsylvania has been behind its quota in the scrap paper drives, an delinquency is urged to contribute every time there is an opportunity.

Residents' Uncle Dies In England

Escaped Workhouse Inmate Goes Crazy When Refused Drink

PITTSBURGH, July 26—(INS)—Police today were holding John Mel-sko, 39, escaped workhouse inmate who went berserk last night at a downtown tavern when refused a drink.

The enraged convict struck at the bartender and when two other customers tried to help the bartender began throwing chairs which shattered windows and broke several whiskey bottles.

Leaving the bar, he continued his destruction, breaking several windows in the neighborhood before being arrested by police. Melisko and two patrolmen were treated for minor injuries at a hospital.

Anglo-American Oil Agreement Reached

WASHINGTON, July 26—(INS)—Secretary of State Hull and Lord Beaverbrook were preparing today to give a top-level rubber stamp to an Anglo-American oil agreement already reached on a technical level by experts of the two countries.

The one big result of the oil talks will be the creation of a joint Anglo-American petroleum commission to regulate the production and distribution of oil moving in international commerce.

Though the commission will have authority in all parts of the world for practical purposes it will be concerned with the fabulously rich and largely untapped oil fields of the Middle East.

DEAD EYE DICK

NEW YORK, July 26—(INS)—A young Belgian pilot new living with the RAF has destroyed 27 Nazi road bombs to date to ring up the highest individual score of any Allied pilot. BBC reported today in a broadcast mentioned by CBS.

Cassino Still Desolate Place

Stench Of Death Still Evident In Badly Battered Italian City

EVEN THE BIRDS
FAIL TO RETURN

By LARRY NEWMAN
(U.S. Staff Correspondent)

CASSINO, Italy, July 26.—(INS)—Two months after its fall, Cassino remains a city of death and destruction. It wears a mantle of dead trees at every turn to cause your stomach to retch and give your legs an involuntary push to get out of the place.

Only a path has been cleared through the hateful city for trucks and jeeps. The rubble is piled high, the wrecked guns and tanks lay where they stopped.

See Huge Signs
At the north edge of Cassino on Route 6, a sign proclaims in huge letters:

"This is Cassino. It is lousy with mines and booby traps. Don't leave the road even for a few feet. Remember you have been warned!"

High up on the left hand side of Route 6 as you enter the town is "Phantom Ridge" where many Poles died in the final and successful attack on the town. There is a Polish national cemetery there now.

Below "Phantom Ridge" is "Hangman's Hill" where scores of Germans were isolated for days. As you look up from the road, the question comes to mind: "How did they get on the hill?" It's a table rock with walls 20 feet high.

Booby Trap Exposed

At the turn into the town proper is the baron's palace and across the street the Coliseum. Down a few yards are the Continental hotel and the Hotel Des Roses. The snout of an 88-millimeter gun sticks menacingly from the lobby of the Continental. A booby trap hangs from a beam, the rain having washed away its plaster covering.

A battered paratrooper's helmet lies in a doorway. It looks harmless but a little wire runs through the bullet hole in the forehead. Another booby trap.

As you reach the sharp turn in

Highway 6 in the middle of the battered city, the monastery comes into full view high above everything. Two side walls stand of the huge building. The road to the monastery hill is closed. Two sight-seers were killed there just the other day by mines.

Two Soldiers Fell
Near the southern edge of the town at the Rapido river's edge are two graves surrounded by a little white picket fence. They mean a lot to war correspondents. Two colleagues, Rod MacDonald and Ed Bewley died there reporting the fall of Cassino.

The Rapido isn't what we'd ordinarily call a river at all. It remains an Ohioan of the little creeks in the Hocking valley hills. But 1900 men died when the 36th division crossed the "miserable little creek" many months before Cassino finally fell.

Unlike other towns in Italy, the citizens haven't pushed up close to the city awaiting the time when they could take up residence again. Even the birds have refused to return.

Waynesburg Knows What Day It Rains

WAYNESBURG, Pa., July 26.—(INS) There's one community that just worries about drought, and that's Waynesburg. Residents simply say, "It'll rain on July 29."

Why? Well, because it has all but three times in the last 67 years.

On that date, townfolk will gather in the courthouse square for an all-night vigil to await the rain they're sure will come and to collect wagers from city slickers duped into making "sucker" bets.

Hitler Hateful
Even To Friends

NEW YORK, July 25.—(INS)—A description of Hitler, recently given by a German officer, was quoted today by the Stockholm correspondent of the London Daily Telegraph, the British radio reported.

Hitler has become extremely difficult for its intimates to deal with, his temper is uncontrollable, he brooks no suggestions, let alone contradiction, he believes himself infallible, almost omnipotent," according to CBS.

MANY DIVORCES FILED

Five libels in divorce were filed in the prothonotary's office Tuesday, which saw more actions instituted than in a long time.

Victor W. Emery of 930 E. Washington street has filed a libel in divorce against Martina Edzardsch Emery of the Pulaski road, Neshaunock township, charging desertion.

They were married August 27, 1942. Carrie Pisano, a minor, of 1401 Francis Place, by Helen Masterson, her guardian, has filed a libel in divorce against Andrew Pisano of 1303 Pennsylvania avenue, Grand.

They were married March 27, 1943. Betty M. Bashor of 114 Quest street is seeking a divorce from

George R. Bashor of Summit county, charging cruel and barbarous treatment. They were married May 15, 1943.

Dorothy Mae Dundy of 139 Elm street seeks a divorce from Mark Anthony Dundy of Quest street, charging cruel and barbarous treatment. They were married in New Castle in July, 1939.

Raymond Ferro of 614 W. Washington street has brought suit for divorce against Ethel F. Ferro of 37 N. Beaver street, charging immorality. They were married at Lisbon, O., January 23, 1941.

ELWOOD CITIZENS PAY

Elwood citizens paid the county a large sum in taxes Tuesday, when Chief Deputy Treasurer Don Neal sat in the borough building to accommodate taxpayers who found it difficult to get to the county seat to pay their county tax.

The current week is the last one in which taxpayers may pay their taxes at a discount. While the amount is small in many cases due to the low county millage those who own considerable property could save quite a bit of money by taking advantage of the five per cent discount. After July 31 it will cost the taxpayers the face of the assessment and after August 31 a five per cent penalty is added.

SUIT IS FILED

Suit has been filed by W. T. McCullough Electric company against Frank Wanfield and Louis Coates, seeking to secure payment in the sum of \$462.01 for merchandise al-

leged to have been sold the defendant, trading under the name of the Wines Sales company of 314 Prouse street. The plaintiff alleges that the merchandise was purchased by H. G. Liebenorfer, whom it charges had authority to order and purchase the electrical equipment in the firm name.

George R. Bashor of Summit county, charging cruel and barbarous treatment. They were married May 15, 1943.

Dorothy Mae Dundy of 139 Elm street seeks a divorce from Mark Anthony Dundy of Quest street, charging cruel and barbarous treatment. They were married in New Castle in July, 1939.

ARMY USES DOGS

To Locate Mines

WASHINGTON, July 26.—(INS)—The army has at last found good use for Bowser's natural instinct to dig for bones.

The war department disclosed today that the army is using M-dogs, the elite of the K-9 Corps, to detect the deadly anti-personnel mines and booby traps set by the enemy.

M-dogs, which undergo rigorous basic and specialized training in locating mine fields, have become highly proficient in detecting these areas leading the way around them, or pointing a safe path through when it is impractical or impossible to bypass the mine field.

Their specialty has become the detection of non-metallic mines, which defy the best of mechanical detectors. Actual training methods cannot be disclosed, the army said.

Installation of magnetic drain plugs in war machines has succeeded in attracting sufficient metal filings to eliminate much motor wear.

to give employees
annual vacation
with pay

It's a Richman custom to give store as well as factory workers vacations with pay.

To make this possible, our store will be closed from Monday morning, July 31st to the following Monday morning, August 7th.

We give this notice, in order that customers who planned to make a purchase, or call for garments previously bought, may do so before the store closes for the vacation period.

We are satisfied to sacrifice some business that our employees may have their rest and recreation. We believe you will appreciate the spirit in which we are doing this, and we hope you will not be inconvenienced.

Seeds For Forage Crops Again Short

WASHINGTON, July 26.—(INS)—The War Food Administration disclosed Tuesday that the supply of seeds for forage crops is several million pounds short of estimated foreign and domestic needs for the second consecutive year.

Approximately 35 million pounds of the nation's estimated 780 mil-

lion pound allocable supply of grass and small legume forage seeds has been allocated to the United Nations and liberated areas for hay and pasture for the year beginning July 1, 1944, WFA said.

The remaining 430 million pounds of the annual supply, WFA added, will go to the U. S. armed forces and civilians.

The first British bomb to fall on German soil in this war was a 200-pounder dropped on the Sylt seaplane base on March 19, 1940.

Argentine Aids Axis, Says Hull

Bill Of Particulars Filed Showing Argentine Support To Nazis

By LEON PEARSON
(U.S. Staff Correspondent)

WASHINGTON, July 26.—A specific bill of particulars against the Argentine government was revealed by a State Department official Tuesday in elaboration of Secretary Hull's outspoken charge that the Buenos Aires government is supporting the Axis cause.

These particulars explained point by point the reason Washington continues non-recognition of the Farrell regime, in spite of the fact that Argentina has broken relations with the Axis and has deported Axis diplomats.

Commercial Support

The charges against Argentina may be summed up in these phrases: pro-Axis propaganda, support of Axis commercial interests and pressure against Argentina's smaller neighbors to create an anti-democratic bloc in South America. The propaganda policy of the Argentine government, according to the State Department, has suppressed the freedom of those two great liberal papers, La Prensa and La Nacion, and at the same time has encouraged the pro-Axis papers such as El Federal.

El Federal, which fills its front page with dispatches from "Radio Berlin" and the German DNB news agency, enjoys support of the government through advertising, and is aided by the government in securing newsprint.

The Argentine government continues to flout the proclaimed list of blacklisted nations ("black list"), and these pro-Axis firms continue to prosper in Argentina.

Show Profits

The State Department has secured information that the books of blacklisted firms show increasing profits over the period of 1940 to 1944, and that these profits are being used to spread dissonance among the other Americas at the expense of the United States.

This is what lies behind the statement of Secretary Hull that misunderstanding and confusion have been created by subversive and sinister elements.

In relations with her smaller neighbors, Uruguay, Paraguay and Bolivia, the Argentine government has employed, according to the State Department, "a shameful and terrific program of sanctions."

These nations depend on Argentina for their economic prosperity, and they are being made to suffer for their loyalty to democratic principles.

These points are believed to be the basis of the memorandum Secretary Hull has sent to the Latin-American capitals, in an attempt to preserve a united front against the military regime in Buenos Aires.

He has expressed confidence that the other American governments are giving full support to this quarantine against Argentina.

It is a program of political and moral, rather than economic pressure. Officials have stated flatly that economic sanctions, such as cutting off purchases of Argentine beef, are not now being considered.

Nazi Prisoners Are Tough Bunch

NEW YORK, July 26.—(INS)—A CBS correspondent in Normandy reported Tuesday that fighting southeast of Caen now is bitter that one British company discovered all its officers were casualties and fought on under the leadership of a sergeant.

Describing Nazi prisoners as "the toughest looking bunch of Germans I've seen thus far on the Normandy front," the correspondent said:

"They were dirty and lousy. They said they were getting only one meal a day at the front, served at midnight. They were glad to be out of the war but while they were in their units they fought like Hell and would have continued to do so."

War-time Canning Notes

By Miss Josephine Simpson,

WOMEN URGED TO KEEP ON PRESERVING FOODS

Women have played an important part in this war and they must continue doing their share by seeing that every bit of food produced is used fresh or preserved for future use.

To be sure that home or store shelves are amply stocked for next winter, every family that can must preserve food. Over half of this year's pack of commercially canned foods will be used for men in the armed forces.

Point-free fruits and vegetables now do not necessarily mean they will be point-free next winter. To help move commercially canned products of last season from store shelves, many foods were removed from the ration list. Already some of these canned foods have been re-assigned point values.

Some homemakers may find they still have a few of their 1943 jars of canned foods. When figuring their 1944 canning budget, of 60 quarts of vegetables and 30 quarts of fruits for each member in the family women should consider their 1943 leftover jars. Because canned foods lose vitamin values and fade on long storage, it is advisable to use the 1943 jars first. Six or more daily servings of fruits and vegetables will keep the family healthy and happy.

Martin Gantz Reunion August 10

Annual Martin Gantz Reunion Is Scheduled At Scottish Rite Cathedral Next Month

Thursday, August 10, is the date chosen for the 1944 Martin Gantz reunion at the Scottish Rite Cathedral.

These plans were made at a meeting held Monday evening in the office of Charles B. Mayne, South Beaver street, in the absence of Lewis G. Genkinger, president, the first vice-president William J. Connery was in charge.

Invitations will be sent soon by the secretary, Mrs. Kathryn Kilbreath, and assistant secretary Maude Mitchell.

All former teachers and pupils of Martin Gantz are invited to attend. Those who will not receive an invitation because their name is not on the mailing list are urged to attend and to contact Mrs. E. O. Kilbreath, 417 East Northview avenue, and Maude Mitchell, Bratsche residence, 205 North Beaver street. The dinner is in charge of Clara Duff, Maude Mitchell and C. Herman Hess; finance, Wesley Rine and Charles Rohrer; publicity, Mrs. Kathryn Kilbreath and Palma Julian.

The next meeting will be Monday, July 31.

Big German Tank Factory Attacked

ROME, July 26.—(INS)—Allied heavy bombers on Tuesday assaulted the Hermann Goering tank factory at Linz on the Austrian Danube, not far from the Bavarian border, scoring a number of direct hits on their target.

Also blasted was the railroad line through Villach in Austria. A "considerable number" of enemy planes was observed and several were shot down, returning fliers said.

The Goering plant was designed to produce 1,000,000 tons of iron and steel annually and to manufacture tanks and armored cars for the Wehrmacht.

Kids Take Over Park On Monday Afternoon

Junior Is Probably One Of Several Hundred In Swimming Pool At Cascade

If it's quiet around your neighborhood on Monday afternoons you can bet six to one that the children next door are riding the merry-go-round at the park, or are swimming in the park pool.

On kiddies day, when the prices are especially favorable to the youngest set, an average of between 700 and 800 children take over the park from the hours of two till five, according to C. C. Coulthard, park superintendent. The largest crowd was during the hot weather in June when close to 1400 went out.

As at any park, the merry-go-round is the most important amusement, but the concession stands do a good ice cream and soda pop business, too. And on warm days, three-fourths of the persons in the pool are youngsters splashing around in the shallow part.

Some are in groups, chaperoned by someone's mother. Others are by themselves, or in twos and threes, walking around with popples and bathing suits, or learning over the rail of the amusements watching the riders.

Most of them get around to the amusements about four o'clock, when a swim break is taken from the pool to take advantage of the one-hour of special prices. When they leave, there are a few little bundles left forgotten on benches, a lot of wrappers and pop-corn boxes, and a rather quiet park.

Playground facilities are being improved as much as possible this summer, Mr. Coulthard says. The see-saws, which usually have lined up waiting to get on, have been put up, and swings will be set up soon. Next year, park authorities hope to have well equipped playground open to all the youngsters who go out to spend their summer afternoons.

Nazi Prisoners Shell Shocked

Defeatist Attitude Marks
Prisoners Taken On Nor-
mandy Front

By PIERRE J. HUSS
(U. S. Staff Correspondent)

WITH THE AMERICAN FORCES IN NORMANDY, July 25—(Delayed)—(INS)—Shell-shocked German soldiers taken in the early stages of the new American offensive west of St. Lo painted a picture today of chaotic conditions which prevailed in the enemy's ranks during the saturation bombardment that marked the opening of the big push.

The first prisoner, an 18-year-old Bavarian who had been drafted for service with the paratroopers but was used in the infantry instead, said that the bombs and shells utterly confounded him and killed or wounded most of the men around him.

Other prisoners said half of their battalions had been wiped out in the first few hours of the bombardment.

The first batches of enemy prisoners were taken by American infantrymen who moved forward with fixed bayonets and hand grenades into the bombed areas, where yawning craters, uprooted trees and torn fields littered with dead testified to the ferocity of the bombing.

Nevertheless, in other sectors which apparently had escaped the full weight of the mass bombing, German snipers were active and German artillery and mortar fire cracked intermittently.

There was, however, a marked defeatist tendency among the first groups of prisoners to fall into the Allied net, with some of the younger Nazis shrugging their shoulders and indicating they no longer care what happens to Hitler.

But the tougher captives declared

the German army never will surrender voluntarily, that it must be beaten on the battlefield.

Some of the younger prisoners volunteered the information that they had standing orders to shoot anyone attempting to desert or surrender without fighting.

Many Desertions

They said this was the result of desertions that have taken place in increasing numbers in recent days. Morale has suffered, they declared, because of the lack of frontline forces.

One Luftwaffe sergeant from the Rhineland asserted that Germany could withstand another winter of war, but added that today's shell-bombing hurt the Wehrmacht worse than anything it had experienced in Russia.

A youngster from Nurnberg (Nurnberg) said:

"We don't know anything about what's going on except that there was an attempt on Hitler's life. We gave up down here after that terrifying bombardment."

"They told us that on July 19 we would launch a big offensive with powerful Luftwaffe attacks and throw you back into the sea. Now they say July 30. It's all promises. Nothing comes except your soldiers."

American Airmen Are Aiding Reds

NEW YORK, July 26—(INS)—Active participation of the American air force on the Russian front was reported today by the Moscow correspondent of NBC.

The correspondent said that a strong force of U. S. Lightnings and Mustangs, flying from Russian bases, joined in battle in which they downed 30 German planes, 26 of them Junkers.

Red Cross Service To War Prisoners Speaker To Come

MRS. C. D. MICKELWAIT

On Tuesday evening, August 1, a member of the national staff of the American Red Cross Prisoners of War Service, Mrs. Claude D. Mickelwait, will speak here at a public meeting at the Y. W. C. A. at 8 p. m. on the work of the Prisoners of War Service.

The meeting, sponsored by the Lawrence County chapter of the Red Cross, is open to the public and it is anticipated that it will attract a large attendance in view of the subject of Mrs. Mickelwait's address.

She will explain what is being done by the Red Cross to provide food, clothing, medical supplies, and information to American servicemen detained by Axis powers.

Wac Campaign Showing Results

Capt. E. Morgan Winant, Senior Recruiting Officer, To Arrive Thursday

Captain E. Morgan Winant, senior Wac Recruiting Officer of Western Pennsylvania, and niece of John G. Winant, U. S. Ambassador to England, will arrive in New Castle Thursday morning to assist in the five-day Wac campaign here for fifty young women—who will become future Wacs.

Captain Winant is expected to arrive in an army jeep about 9:30 a. m., accompanied by police escorts.

An interesting program is being planned for "Jeep Day," which will include free rides in the jeep for any Wac recruits and any civilian of this city.

Captain Winant was in England during the 1939 blitz and returned to this country in 1941. According to her reports, Wac Recruiting in the western Pennsylvania district has never been better, than at the present time.

The Wac recruiting unit in charge of the Wac campaign here reported that quite a few recruits have applied and they will soon be ready for their physical examination.

Congress Expected To Extend Holiday

Election Campaign, Not August Session, Seems To Be On Mind Of Most Congressmen

By RAYMOND WILCOVE
(U. S. Staff Correspondent)

WASHINGTON, July 26.—Congress was expected today to remain in recess until after Labor Day following perfunctory sessions of the House and Senate next Tuesday when both bodies officially reconvene.

Sentiment appeared strong in congressional circles for another month's continuation of the "holiday" which began June 23 unless a sudden emergency arose necessitating the recall of members to Washington.

Senate Majority Leader Barkley was reported to have conferred with Democratic leaders during the party's national convention at Chicago and expressed the belief that adjournment could be continued until after September 4.

Only a brief session of the House appeared likely when Congress reconvenes August 1, but the Senate may sit for several days before recessing again, according to Sen. Reynolds (D-N.C.), chairman of the Senate Military Affairs committee.

"Perhaps a program may be outlined for the rest of the session," he said.

A definite decision on the congressional program for August was not expected until House and Senate leaders of both parties confer Tuesday.

Sen. Chavez (D-N.M.) expressed hope the Senate would remain in session during August, but indications were that neither House would have a quorum present when Congress met again. Upended in the minds of most of the members is the forthcoming fall election campaign.

WLB Orders End Of Sympathy Walkout

CINCINNATI, O., July 26—(INS)—About 2,250 striking employees who staged a sympathy walkout at the Lockheed plant of the Wright Aeronautical Corporation were ordered back to their jobs today by the War Labor Board.

The UAW-CIO members struck when numerous minor union officials who worked at the plant were suspended indefinitely after they became "too vigorous in seeking to redress workers' grievances," the company reported.

The strike stopped production in the aluminum and magnesium foundries, the cafeteria and possibly other departments.

War Bond Sales Keep On Climbing

PHILADELPHIA, July 26—(INS)—Total sales in all issues in Pennsylvania's Fifth War Loan drive rose \$2,600,000 through Monday. G. Ruhland Reumann, Jr., state war finance committee chairman, announced today. Latest totals were individual sales including E bonds \$379,400,000 or 85.8 percent of quota. Series E bonds \$175,300,000 or 78.3 percent of that goal and corporations \$817,000,000 or 127.7 percent of the quota.

There are only slightly more than 900 air plants in the United States that can handle heavy air transport operations.

WE MUST GIVE UNCLE SAM OUR ANSWER TOMORROW

And That Answer Depends On the Response from the Citizens of Lawrence County

WHAT ARE YOU GOING TO DO to help solve the immediately serious problem facing Lawrence County?

Both Men and Women Are Vitally Needed for Lawrence County's Essential Industries

Our job on the Home Front is far from finished! War news is consistently good . . . BUT . . . the biggest battles are still ahead . . . battles that will use up tremendous quantities of weapons and equipment. We here in Lawrence County must do our part so that the boys who are fighting our war have an overwhelming superiority in materials of war to crush the foe. We must make every working minute count.

If you are ready to take a part in backing up the man in the foxhole or on the invasion beachhead, take a war job and help to bring about a successful and early Victory.

HERE'S OUR PROBLEM—We must provide an additional 2,000 employees within 60 days or 3,600 within four months, or witness an influx of new employees and temporary housing, possibly in excess of our needs.

What We Can Do To Help Our Industries Meet This Problem

1. Provide more people for more hours of work—which means particularly those UNEMPLOYED WOMEN who will volunteer to take a war job.
2. Encourage those now employed in non-essential industry outside of Lawrence County to return to their home town—their place of residence—and take a job here.
3. Provide all available rooms, apartments, and houses possible for rent.

IT DEPENDS UPON THE CITIZENS OF

Third Period At Camp Rentz Is On

New Group Arrives At Camp Monday To Supplant Those Leaving At End Of Stay

CAMP IS NEAR CAPACITY NOW

The third period at Fred L. Rentz Y.M.C.A. camp started off in fine manner with 71 boys entering for their stay at the camp. The full quota is expected for this period as has been the case in the first two periods.

There was a large group of parents and friends at camp on Sunday for the vesper service, when Dr. John J. McIlvaine of the First Presbyterian church brought an inspiring message. E. C. Gattrell led the group singing, and Eugene Davide Gattrell, who spent 12 seasons at Camp Rentz was also present and talked about his experiences as a camper and camp leader. Emulation awards for continuous camp attendance were presented by Director Bill Winter. Some boys received awards for three, four and five years of attendance.

Teams were selected Monday morning and the afternoon hours found the boys busy in their games of baseball, volleyball, basketball and other sports. The camp was deluged with a heavy rain which made the playing of the games an impossibility. As an evening activity the boys took part in a "Truth and Consequences" program which was arranged by Dick McKee, Don Onash and the camp director. After an hour's program the boys were entertained by three selections by John Wagner on the accordion. The boys then retired and soon were sound asleep.

The cabin rosters for this week are:

Fred Rentz Cabin—Don Onash, counselor; Dave Lewis, Dick Burr, Werner Ulrich, Jim Criswell, Lewis Pickett, George Richards, George

Bement, Henry MacNicholas, Burton Reist.
Kate Rentz Cabin—Dick Onash, leader; Arnold Lewis, Bob Wagner, Phillip Greenberg, John Wagner, Wayne Fullerton, George Reid, Tom Weide, Don Kulkin and Ron Palmer.

Treadwell-Ray Cabin—John Kunkin, counselor; Charles Jacobs, John Coen, Bob Shumaker, Martin Hornung, Don Black, Greg Thomas, George Shook, Pete Perillo, Mike Economy.

Jack Gerson Cabin—Dick McKee, counselor; Tom McGary, Francis McGary, Jim Hebert, Fred Martin, Howard Haid, Frank Haid, James Dawson, Arden Bement, and Don Stroud.

R. J. Tully Cabin—Jim Hamilton, leader; Don Strobel, Dave Rowe, Jenkins, Bob Henry, Tom Clark, Fred Clark and Bill Skoug.
Y Director Cabin—Ralph Stokes, counselor; Jim Bray, Pete Rosenberger, Don Rogers, Paul Weller, George Capps, Louie Campbell, Bob Brown, Dick Koonce and Don Clark.

Jack Gonic Cabin—Jim Pears, counselor; Don Mills, Ed Taylor, Bob Woodring, Charles Dart, Ed Francis, Howard Wheale, Paul Fazzano and Jerry Anderson.

New Castle News Cabin—Jim Cox, leader; Jim Hovlan, Walter Lyons, Joe Reed, Ben Harrison, Cliff Rowland, Sam Santilippa, Jack Lowry, Dave Nicholson and Charles West.

Men from New Castle Board One and County Board Two of the Selective Service System went to Pittsburgh this morning for their pre-induction examination.

The number was about the same as has been sent in for examination during the past two months.

Those accepted will return home to await a call to service, which will not be less than 15 days.

Local Men Attend Railroad Meeting

Thirteen local representatives of railroad brotherhoods and the superintendent of the Pennsylvania railroad, E. and A. Division attended a meeting of management and employees of the railroad in Pittsburgh yesterday.

Proposals in connection with the post-war position of railroads and its effects upon employment were considered at the closed meeting. Social welfare of the employees of the carrier was also discussed, according to a company spokesman.

Those present from New Castle were P. W. Triplett, superintendent; W. E. Turk, P. L. Humphrey; W. E. Erik; G. E. Stoddard; R. J. Ramsay; J. M. McConnell; R. W. Williams; Mike Tebbelack; John DiLorenzo; Nick Binder; J. P. Carlin; P. E. Gibson and George Kolesar.

Delegates To State Meeting Tell Of Program Outlined For Coming Year

At Tuesday noon's business session of the New Castle Lions Club held in The Castleton, C. C. Pile and Earl R. Wimer, who were delegates to the state convention held at Scranton, Pa., gave a fine report on the activities at the convention and the program outlined for the coming year.

Reports were also given by the chairman of the various club committees on their activities during the past month and plans for the future.

C. W. Barnhart, manager of Auteenth, was admitted as a new member.

Pennsy Employees Attend Park Picnic

One Thousand In Crowd At Picnic Of Carshop And Engine House Workers

Close to 1000 persons attended the picnic of the Pennsylvania railroad carshop, engine house and maintenance of ways employees at Cascade park Tuesday evening.

Preceded by a social tournament, the picnic was in full swing by 7:30, with the refreshment committee handing out the cakes and coffee, and the picnickers arriving with full baskets and their arms full of bundles.

A few baseballs were being tossed back and forth before supper, but a full program of races and games, including a peanut scramble for the children, was staged under the supervision of the sports committee later in the evening.

General chairman of the affair was John Morgan and secretary was John O'Donnell. Pat Monaco, John Pile, Andrew Ross, C. B. Chamberlain, Bessie Park.

On the refreshment committee were Ray Fitzgerald, Clare Kennedy and Scott Farley. The sports committee under the direction of Ben Evans, was made up of Doris Black, Charlie Masters, Nellie Hardesty and Victor Martino.

Plan To Make Fans More Comfortable

Management of Philadelphia Athletics Reports Post-war Plans Being Shaped Now

PHILADELPHIA July 26.—(INS)—Tentative plans were being shaped today for post-war improvements on Shibe Park in Philadelphia, designed to make it one of the most modern baseball plants in the country.

The plans are aimed at increasing the comfort of the fans, according to Roy Mack, vice president of the Philadelphia Athletics. Principal changes include the replacement of stairways with ramps, and possible enlargement of seating capacity.

"It may take up to ten years and the money we spend may be \$200,000 or it may be \$750,000," Mack said. "It may even reach a million. Any changes, however, will have to wait until the war is over."

Forest Fire Rages On New Jersey Road

BARNEGAT, N. J. July 26.—(INS)—A huge forest fire threatened to block the highway linking New York and Atlantic City today, leaving in its wake 6,800 acres of burned woodland.

Changing directions several times since last night the fire licked at the outskirts of Brookville, a tiny village with a population of 100.

Some 500 fire fighters were called to battle the flames, including volunteers and soldiers, but the dry pine and brush hampered their efforts. At Brookville Bernard W. Bartel, division warden of the state's park forest fire service headquarters, said back fires were being set to halt the flames threatening the village.

Penn State Alumni Elect New Officers

STATE COLLEGE, Pa. July 26.—(INS)—The Penn State Alumni Association was held again today by George H. Arisman, of Harrisburg, a graduate of the Pennsylvania State College in 1918.

Edward K. Hishman, executive secretary said Arisman would serve for one year. Other officers elected yesterday by the association, representing 30,000 alumni, were Vice Presidents B. C. Casey, Jones, of Pittsburgh, class of 1919; Julia G. Brill, State College, class of 1921; and William K. Ulerich, State College, class of 1931.

Seven Cars Derail On Pennsylvania Track

OAKDALE, Pa. July 26.—(INS)—Both lines of the Pennsylvania railroad's panhandle division were blocked for several hours today following derailment of seven coal cars of an eastbound freight train. No one was reported injured.

PAINTER HILL SCHOOL REUNION

Reunion of the Painter Hill school will take place at New Wilmington Park Saturday, July 29.

An invitation is extended to all former scholars, teachers and friends of the school to attend the event when a basket picnic will be served at noon.

Baby Really Bounces In Seven-Story Fall

NEW YORK July 26.—(INS)—You've heard about "bouncing baby boys." Just a cute expression, you say. But in the case of Frank Polcastro, aged two, the expression was translated into fact today, for little Frankie fell seven stories and lived to cry about it.

Police said the infant fell from a window on the seventh floor of the Queensboro housing project. They added that the fall probably was broken by the baby bouncing on window sills on the way down.

Pirates Murder Giants 15 To 0

Pittsburgh Pounces On Rookie In Second Inning, Indians Tounce Yanks

BROWNIES KEEP WINNING GAMES

By PAT ROBINSON

(International News Service Sports Writer)

NEW YORK, July 26.—Many of the major league scores these days look as if they came from the gridiron rather than the diamond and there is only one reason for this—poor pitching.

There are youngsters pitching in the majors today who are at least three or four years away from the majors. In normal years many of them would be down in Class B leagues learning how to pitch and in the course of time probably would earn their way up to the majors.

Now we have the rawest kind of rookies tossed in against seasoned players and the result is all too evident in the box scores. Now, too, we have the sorry spectacle of teams scoring anywhere from five to ten runs in one inning and doing it all too frequently.

Pirates Murder Rookie

Of course a nine run inning can happen to the best of clubs—the game against the Cubs—but when it happens several times in a week it is a sure sign of weak pitching. It also is a sure indication that some of our major league clubs are minus a "stopper"—that handy man who can put a damper on one of those huge innings before they get out of hand.

The Giants yesterday gave Rookie B.B. Bartleson a chance to start his first major league game and in the second inning the Pirates unloaded on him for nine runs. Frank Seward tried in vain to stop the slaughter and when the weary pitcher could no longer hold the line, he had to call it a day. The Pirates had collected 20 hits, including homers by Pete Coscarart, Vince DiMaggio and Bob Elliott and the home club had absorbed a 15 to 0 shellacking.

Cubs Top Dodgers

On the wrong side of the Brooklyn bridge the Dodgers meanwhile were taking a 14-0 pasting from the Cubs. That is to say, some of Branch Rickey's in it young pitchers—Tommy Warren, Charley Fuchs and Hal Gregg—were the losers. The Cubs collected 18 hits, including four doubles and a triple.

Arnold Carter of the Reds left handed the Braves into submission, 6-2, and helped his own cause with a homer off Armand Cardoni. The Cards blanked the Phils, 9-0.

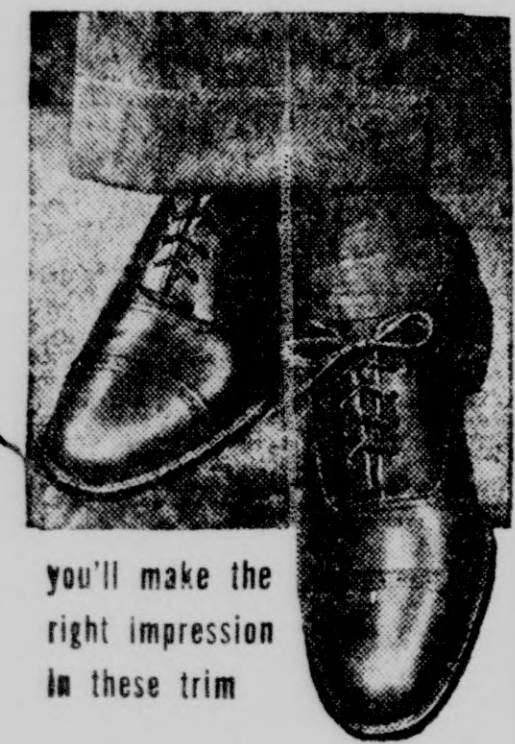

Time was when a shut-out a year for the Yankees was news but yesterday they suffered their sixth whitewashing of the season. Steve Gronke not only kept them away from the plate but he added insult to injury by fanning 10 of them while the Indians fell on Hank Borowy for five runs in the first while the Indians fell on Hank Borowy for five runs in the first while the Indians fell on Hank Borowy for five runs in the first.

The White Sox bagged 14 hits off Mickey Haeber and Alex Carrasquel to trim the Senators, 9-2, and Bob Munnen pitched eight-hit ball to give the high-flying Browns a 9-1 decision over the Mackmen.

Three Softball Games Tonight

Three Industrial Softball league games will be played tonight with all games starting at 5:45 o'clock. The Johnson Bronze battles the Universals at Marshall field. The Lockleys start play for the first time as new members of the league by tangling with the Shenango Pottery at Gaston Park field. The I. A. Machinists play the P.R.R. team at Liberty street field.

The Standard Steel Spring team has drawn the bye for tonight.

you'll make the right impression in these trim

MANSFIELDS

When you're running your legs off on urgent business, shoes that really fit rate A-1... and smartly conservative shoes are a diplomatic asset. ARLINGTON, illustrated above, is a Mansfield that measures up in both specifications. A thrifty investment that pays off a bonus in wear as well as comfort!

THE WINTER CO.

CAMPFIRE CORNER

KEEPING FIT IN CAMP

Whether you're camped in a tent or in a cabin the enjoyment of your vacation trip and your physical condition when you quit the woods will depend largely upon attention to a few simple details of sanitation and hygiene.

Get into the habit of burying all refuse at once either by digging a shallow hole or by using a shovel to deposit it in a hole made by a previous camper. Bury it deep, both by reason of foul odor and because of the flies and other insects it attracts. Situate your garbage hole some distance from your tent or cabin; wild animals may dig into it, which will have to be buried the refuse all over again.

Likewise construct your latrine a reasonable distance back in the brush, and apply frequent shovel treatment to that also. Bury all tin cans as well as the remains of your meals and you won't have nearly as many houseflies and other pests to contend with. If you have occasion to burn any rubbish clear a sizeable spot, not only of brush and other debris, but of the humus and peat that often blankets the soil. A peat fire can glow unnoticed for days, then suddenly break through the surface some distance away and start a destructive forest fire.

Watch the Water

Don't drink water from creeks, rivers or lakes without previously boiling it. Even clear springs are sometimes contaminated; better play safe.

I wouldn't think of camping in a tent without a sewed-in floor cloth or partial one, if I could avoid it. If you have a tent minus such a cloth better each one, or have one saved on, before you start your trip. It'll save you hours of misery fighting mosquitoes and perhaps exclude a wandering skunk or snake. A floor cloth substitute may be extemporized by pegging the edges of the tent as close to the ground as possible, then packing about the outside.

Always choose a well-drained site for your tent and if necessary provide little ditches to run off water. Air your bedding whenever a sunny day affords the opportunity. Damp bedding offers an enemy of sound sleep and a menace to health.

If you're in a cabin and there's an extended period of damp weather, build a fire in your stove once in a while, even if the temperature is high, and thoroughly dry out the place and bedding.

If you change camps every day or so, as on a canoe trip, clean up your site as thoroughly as though you expected to remain all summer.

'Surprise' Dinner For Senior Committee Members Next Monday At Castle Hills

Senior golfers are eagerly looking forward to the date of August 9 at Castle Hills golf course when they will have their big day. The event is open to all golfers in the city and county over 50 years of age.

Mont Magill, secretary of the Senior Day committee, reports today a brisk sale of tickets for the golf event and dinner but there are still a few tickets available from the members of the committee or at the Castle Hills golf course desk from Bill Donkin.

The Senior Day activities will start at 12 o'clock noon and will end late in the evening with a banquet at which time seeds of prizes will be given the golfers for various accomplishments during the day. A "surprise dinner" awaits the senior committee members next Monday night at 6:30 o'clock, following a round of golf at 4 in the afternoon.

WEST PITTSBURG TOPS UNIVERSALS

Joe Hairhopper Hurls Fine Game; Guzzetti Features With Homer

Behind the steady six-hit pitching of young Joe Hairhopper, the West Pittsburg "Gas House" gang defeated the Universals in a City league game last night at Deshon Hospital Annex field on the East Side, 12 to 2.

Aiding Hairhopper to his victory was Guzzetti, the West Pittsburg third sacker who dished three for three, including a homer, double and single, and scored three runs. Cwynar and Starro had two hits apiece for the winners. For the "Units" the work of Houston and Ray Adams was the best.

Cozy Corners, Dean Park Win

League Leading Teams Continue Pace In American Legion Junior League

Cozy Corners and Dean Park Dodgers, who finished in a tie for first place in the American Legion Junior League, which necessitated a playoff for honors, won by Cozy Corners, played last night.

Cozy Corners handing Fannins, who had beaten them twice in the first round, a stunning 14-4 defeat, while Dean Park won from Wolverines, 8-2.

Cozy Corners started out strong scoring four runs in the first inning and winding up with a seven-run surge in the fifth inning. Joe Zeigler pitched four-hit ball, fanning seven men.

Shriver, with two doubles, and B. Zeigler, with a homer were the big guns, while Andrews had four for four to add to the Fannins downfall. Sloper, of the Fannins, was touched for 13 hits in all.

Dean Park also served up the game in the first inning, when they scored five runs, adding three more for their total count in the fourth inning.

R. Liebenfelder had two doubles and Gentile one, while Pitzer Campbell had three hits in three at bats. Orrok and Badurik had the only hits for Wolverines. Campbell turning in a sparkling performance on the mound, fanning 14 batters besides holding the Wolverines to two singles.

Pitt Workouts To End Saturday

PITTSBURGH, July 26.—(INS)—Coach Clark Shaughnessy surveyed the squad he has carefully paraded through summer football practice today and predicted "better days" are ahead for the University of Pittsburgh.

"I figure the present squad is 25 per cent better than the group which represented Pitt last year in my first season here," the famous exponent of the T-formation declared, adding, however,

"Of course, that is on the basis of today and not September. At the moment I am very well satisfied with our prospects."

The summer practice season will be concluded Saturday.

Edenburg Tigers Trip East Brook

Avenge a defeat suffered recently at the hands of the East Brook Boosters baseball team, the Edenburg Tigers edged the East Brookians last evening at Edenburg field, 4 to 3, in a fast engagement.

Cherio did the Edenburg twirling and gave up five hits and kept them scattered, while the Tigers found Carr and Jamison for 11 hits, with extra-base clouts by G. Jamison, Cervone and Clark.

Fair Or Foul

By LAWTON CARVER
(International News Service Sports Editor)

NEW YORK, July 26.—Beau Jack is back today among the scenes and the people that he came to know so well after he quit as a locker room attendant at the Augusta golf club to become a headline fighter at Madison Square Garden. He comes to town this time as some kind of a super-patriot—as a soldier who is about to fight in the ring for nothing to help a war bond drive.

He landed in town Monday from Fort Benning, Ga., and immediately faced on his equipment in the gym to get in shape for his 10-round battle with Bob Montgomery on Aug. 4. Montgomery came in too and also in an army uniform, being on furlough from Keesle Field, Miss., for the over-the-weight match.

"Expect Big Crowd"

Montgomery also is fighting for free, and as the lightweight champion of the New York and allied commissions will help to draw the throngs into the Garden, but the real card, as usual, will be Beau Jack. He caught life around here and packed in customers at such a rate that none could remember any such similar rush to one little man in years.

In the course of his lambasting in the wild and woolly way he held the New York commission from himself for awhile this week after his second bout with Montgomery during the time when they were changing the title back and forth. Montgomery won the first and third of the three matches and thus took the title into the service with him.

Montgomery is fundamentally the better fighter, but Beau Jack will up and fight his following through his whirlwind punch-throwing.

Lovers of science wouldn't give a nickel to watch Beau Jack, to hear them tell it, yet they were generally present when he went into action because they were certain of seeing him at least do his best, and sometimes it was effective and generally quite thrilling.

Anyway, he's back in the gym here huffing and puffing, getting ready to fight for nothing in the arena where he set money records for little men until a month ago when Uncle Sam gave him the beckon.

Montgomery left quickly after putting in his appearance Monday. He went on to his Philadelphia home for a visit and for a few days of work before he moves in here for his final engagement.

War Bonds Only

This is the show for which admission will be by war bond only at prices ranging from \$25 to \$100,000—the latter for a spot down in front. All expenses incidental to putting on the show have been underwritten, with the result that the entire take from top to bottom will be given to the war effort.

Cub Clouter On Way To National Record

By WALTER L. JOHNS
Central Press Sports Editor

Spurred on, no doubt, by the feats of Master Melvin Ott of the New York Giants, "Blazing" Bill Nicholson of the Chicago Cubs is clubbing his way to a possible niche in baseball fame with his war club doing all the orating.

Nicholson, former football player for Washington, Md., college, currently is in the limelight because he hit four home runs and drove in seven during a recent double-header in Chicago, by he is leading the league—with Mr. Ott—in home runs and he is leading the league in runs-batted-in.

"Nick," as he is called by his teammates, has plenty of incentive to keep up the swatting for he can become the first player in National league history to lead the league in home runs and runs-batted-in for two successive years, bettering out 29 home runs for leadership in that department and knocking in 128 runs for the No. 1 spot in that work.

Hit 21 Homers

The Cub clouter had a total of 34 runs batted in by July 24 and his home run total was 21, only eight under his complete allotment for 1943.

Ott, who was breezing along at a sensational clip until he stopped short, also had 21 home runs to his credit by July 24.

Nick, now hitting above the 300 mark for the first time this season, also is a fine fielding player and sports a .971 average in that department for more than 700 games.

He broke into baseball the same year he graduated from Washington college, Chestertown, Md., signing to play baseball with Oklahoma City of the Texas league. The Philadelphia Athletics took him on for a look-see that same year and then signed him out to Portsmouth. At Portsmouth he hit 20 home runs and batted over 300 and he was given another trial with the A's.

Sold to Cubs

He was declared not ready and was farmed out again. This time he outlasted for Williamsport, hit 300 again and the next season he moved up to Chattanooga in the Southern league. He put in another fine season with the Chattanooga club, hitting 23 homers, but strangely he was sold to the Chicago Cubs for \$35,000.

TODAY'S MARKET FAIRLY STRONG

Market Opens Moderately Active
With Steels, Rails And
Motors Leading

NEW YORK, July 26.—(INS)—The stock market was fairly strong and moderately active today.

Led by some of the steel, rails motors and specialties the general list firmed from the start and gains in early dealings ran from fractions to more than a point.

Volume expanded and ran ahead of yesterday's 831,423 share pace—the first less than a million-share day since June 9.

U. S. Steel, reflecting the corporations' June quarterly statement firmed up fractionally. Bethlehem Republic and crucible also strengthened.

Motors were fairly active. General Motors moved forward almost a point. Chrysler gained a large fraction and Willys Overland made a smaller gain.

The oils were quiet in the face of announcement 850,000 shares of Standard Oil stocks would be sold by John D. Rockefeller in secondary distribution.

The Rockefeller offering will consist of 200,000 shares of Standard Oil of N. J., 500,000 Standard Oil of Calif., and 50,000 Standard of Indiana. The offering will come Thursday after the close.

The rails were higher. Chicago & Northwestern pld. New York Central Southern Pacific and Pennsylvania were among those to gain.

Rail equipments became fairly active before midday led by Pullman and American locomotive.

Pepsi Cola in the soft drink group rose fractionally. Coca Cola, however, was inclined to sag.

International Telephone was active. Allocations were flat as for United Air Lines which held around last night's close.

Kills His Wife, Mother-In-Law; Commits Suicide

Michigan Man Spares Life Of Two
Daughters As He Stages
Shooting

PLINT, Mich., July 26.—(INS)—While his 11-year-old daughter, Simone, looked on, Joseph Belgers, 49, of Flint, last night killed his wife and mother-in-law and then committed suicide.

Simone awakened another sister, Sonia, 12, and both girls fled from the house to the home of a neighbor.

Belgers left the house, apparently in search of his daughters. Unable to locate them, he fired a bullet into his head.

Police said Belgers and his wife were planning a divorce. The children told detectives that their father had accused their mother of infidelity because of her correspondence with a soldier whom she met two years ago in Detroit.

The 100 employees are demanding that Emilie Jones, ousted union official, be reinstated; they are also demanding payment of an 11 and a half cent hourly wage increase which they said is conceded there is not forthcoming after nearly two years of patient and patriotic waiting.

The attack on the harbor of Sabang by an Allied task force of carriers, destroyers and submarines supported by aircraft, was reported in a Japanese high command communiqué.

The Jap Domei agency reported the aerial assaults on the Palau Islands, some 450 miles east of the Philippines, and on Yap.

Planes from several aircraft carriers swept in against the island targets yesterday, Domei said.

Sabang Important

An FC recording of the Domei announcement said "more than 30 carrier-based planes" raided the Palau base while Yap was attacked by "several enemy planes." Domei asserted Jap losses were "very slight."

Sabang serves as an important fueling station. It is situated on the island of Pulo Weh, just off the northern tip of Sumatra. Whoever holds Sabang can control the entrance to the Strait of Malacca.

Sabang, protected by natural fortifications, was last assaulted by an Allied task force on April 20. It had been hit previously since its occupation by the Japs by carrier-based planes.

The text of the Imperial headquarters communiqué as recorded by the FC said that more than 20 carrier-based planes raided Sabang while several cruisers, destroyers and submarines shelled the harbor.

"Our garrisons there intercepted these and sank two destroyers and one submarine, heavily damaged one destroyer and shot down the greater part of the enemy planes," the communiqué claimed. Asserting that "the enemy was repulsed," the Japs add that "our losses are extremely negligible."

Sabang Island Base Is Bombed

Jap Held Island Off Netherlands East Indies Feels
Air Attack

LONDON, July 26.—(INS)—A combined naval bombardment and aerial assault against the Jap-held island base of Sabang off the northern tip of the Netherlands East Indies Island of Sumatra, and raids by carrier-based Allied planes on the Palau Islands and Yap, westernmost of the Carolines, were reported by Tokyo today.

The attack on the harbor of Sabang by an Allied task force of carriers, destroyers and submarines supported by aircraft, was reported in a Japanese high command communiqué.

The Jap Domei agency reported the aerial assaults on the Palau Islands, some 450 miles east of the Philippines, and on Yap.

Japan Is Cold Toward Request To Attack Reds

Hitler Believed To Have Asked For Attack To Draw Russian Armies

LONDON, July 25.—(INS)—Japan's refusal to attack Siberia and Adolf Hitler's hysterical rejection of the suggestion that he shorten his front in the east and west, were believed by informed sources Tuesday to have precipitated the present internal crisis in Germany.

According to reports reaching the British capital, German generals first urged Hitler to ask Japan to attack Russia as a means of relieving pressure on the Nazis' eastern front.

The appeal was made and Tokyo's evasive response at first led Hitler to believe the assault would be made, these quarters said. As a result, optimism flared briefly in Berlin—until Tokyo flatly refused to meet the request.

Lines Be Shortened

The generals then told Hitler that it was imperative that the front lines be shortened, withdrawing in the east to a line running from Danzig along the Vistula (Vistula river) through the fortress Graudenz, then westward through Posen and Breslau. They also advised similar withdrawals in the Balkans and France, according to these sources.

In reply, Hitler allegedly threw another of his tantrums, shrieking about the incompetence and betrayals of his generals, who decided the time had come to get rid of Der Fuehrer.

BUTTERFLIES IN THE SEA

Sea butterflies, small ocean-going mollusks, fly through the water. They are called sea butterflies because of their wing lobes, which are kept in motion like the wings of a butterfly.

Nazi Supply Ships Feel Gun's Wrath

At Least 22 Enemy Supply Ships Have Been Sunk Off Italy

ROME, July 25.—(INS)—At least 22 enemy vessels have been sunk during the last few months by an Anglo-American "inshore squadron" of light coastal craft operating inside German supply routes between Eba and the Italian mainland naval headquarters disclosed Tuesday.

"Numerous engagements" have taken place, a communiqué said. The Allied squadron has carried out its successful operations at night. During May and June but excluding operations resulting in liberation of Eba, Allied light coastal craft assisted on one occasion by British invasion ships accounted for the following vessels: destroyers: two sunk, two damaged; corvettes: two sunk, two damaged; loading craft: four sunk, one captured; lighters: 12 sunk; three damaged; one probably sunk; R-boats, one probably sunk; one damaged; merchant vessels: one sunk, one probably sunk; tugs: one sunk, one probably sunk.

Furthermore, the naval statement said, three additional enemy craft were forced to run themselves ashore. Allied losses in the same period amounted to six officers and men killed and 26 wounded, together with superficial damage to six craft and moderate damage to one.

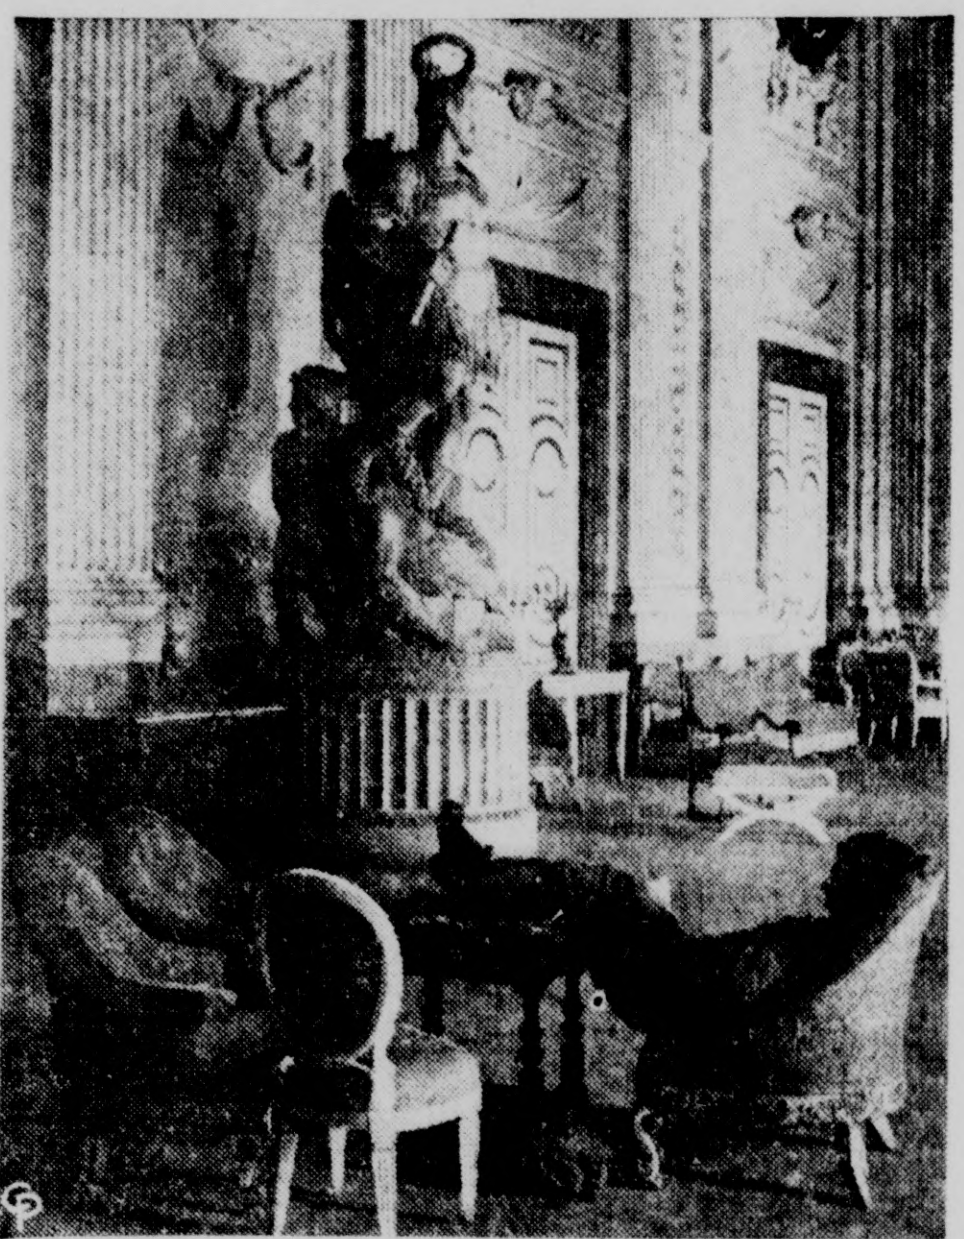

TWO CHILDREN BITTEN BY DOGS

Two little tots were treated at the Jameson Memorial hospital just before noon Tuesday for injuries received when bitten by dogs.

At 11:30 o'clock, little Dick Pickson, aged 3 years, of R. D. 1, Edenburg, was treated for lacerations of the cheek, both of which required sutures.

At 12 o'clock, Sue Ann Erwin, aged 4 years, of Miller avenue, R. D. 2, was treated for a laceration of the hip, received in the same manner.

CHEWTON

SOLSBURG-McBRIDE WEDDING

In a quiet wedding at 10 o'clock on Friday morning, July 21, in the Wampum Methodist church, Miss Kathryn Solsberg, daughter of Mr. and Mrs. Peter Solsberg of Chewton, became the bride of Captain William V. McBride, U. S. Army Air Corps, son of Mr. and Mrs. Raymond McBride, of Wampum. The pastor, the Rev. K. T. Yahn, officiated at the single-ring service.

Her made of honor was Miss Lillian Durbin of Chewton.

Lieut. Joseph George of Baltimore, Maryland, AAF pilot, acted as Capt. McBride's best man. Capt. McBride and he served in the same squadron while on active duty in England, and both are spending 30-day leaves at their homes now.

The couple left for a short wedding trip. At the conclusion of his leave, Capt. McBride expects to return to active duty. While on duty in England, where he was stationed for a year, Capt. McBride participated in 72 bombing missions over enemy territory, was awarded the distinguished flying cross, the air medal and 12 oak leaf clusters, and was made squadron navigator.

He was graduated from Wampum high school in 1939, attended Gettysburg Business Institute in Beaver Falls, and was employed in Beaver Falls prior to his enlistment in the service. His bride, who was graduated from the Ellwood City high school in January, 1941, has been employed at the Economy Chevrolet garage here.

W. C. T. U. MEETING

The monthly meeting of the Chewton W. C. T. U. was held in the basement of the Christian church on Thursday evening. Devotionals were in charge of Mrs. Edith Badger, with Mrs. Pearl Tobo leading in prayer. Piano solos were played by Carol Jean Allen, Janet Campbell and Nora Hennon. The business meeting was conducted by the president, Mrs. Bernice Hennon. Special guests were Mrs. Helen Wilkins, county president, and Mrs. C. G. Orr, county secretary, both of New Castle.

A special service was given to welcome the new members with Mrs. Wilkins pinning on the white ribbons. A lunch was served by Mrs. Badger and Mrs. Hennon.

All members are to meet at the church on Tuesday evening at 7:30 to go to the meeting of the Wayne township W. C. T. U.

Next meeting of the local W. C. T. U. will be in the church on Thursday evening August 17, with Mrs. Lydia Douthett as devotional leader.

HOME ON LEAVES

Pvt. James Fossnacht, stationed at Camp Crowder, Missouri, is spending a week's furlough with his parents, Mr. and Mrs. John Fossnacht. Pvt. Fossnacht has just graduated from Teletype Operators school.

Pvt. Theodore Moskal, stationed at Fort Knox, Kentucky, is spending a 10-day furlough with his parents, Mr. and Mrs. Mike Moskal. Pvt. Moskal will report to Camp Chaffee, Ark., for active duty.

SUNDAY SCHOOL PICNIC

The annual Sunday school picnic of the Chewton Christian church will be held at Cascade park on Saturday afternoon, August 5. Transportation will be furnished for all those wishing to attend the picnic.

CLASS MEETING

Names Of German Generals Now Held By Russia Revealed

Generals Say Hitler Trying To Deceive German People Into Continuing War

LONDON, July 26.—(INS)—The names of the 16 German generals, now prisoners of war in Russia, who Tuesday appealed to the German forces to break immediately with Hitler and to cease fighting were announced over the Moscow radio Tuesday night.

The appeal, which listed the names of the latest defeats as faulty estimation of the Russians' operational possibilities and intentions, exposure of German flanks, lack of reserves and absence of air cover, said that Hitler is trying to conceal from the German people the true state of affairs on the eastern front, to force them to continuation of the war.

The 16 generals included: General of Infantry Voelker, commander of the 27th army corps; General of Infantry Goldwizer, commander of the 3rd army corps; Lieut. Gen. Meisner, commander of the 17th army corps; Lieut. Gen. Baron von Lubow, commander of the 33rd army corps; Lieut. Gen. Traut, commander of the 78th assault division; Lieut. Gen. Bender, commander of the 12th infantry division; Maj. Gen. von Steudtgen, commander of the 24th division; Maj. Gen. Kottadi, commander of the 36th infantry division; Maj. Gen. Trowitz, commander of the 57th infantry division; Maj. Gen. Engel, commander of the 46th infantry division; Maj. Gen. Michaelis, commander of the 6th division; Maj. Gen. Mueller-Bachow, commander of the 246th infantry division; Maj. Gen. Gier, commander of the 707th infantry division; Maj. Gen. Gottfried von Emdorff, commander of Moskov; Maj. Gen. Schmidt, chief of engineering troops of the ninth army.

Hyde Park Painting Goes To Hyde Park

PHILADELPHIA, July 26.—(INS)—Mrs. David M. Newbold, of Philadelphia, didn't let her Republicanism keep her from thinking of President Roosevelt when she found a more than 100-year-old water color painting of Hyde Park.

Mrs. Newbold discovered the painting at the war stamp exchange in a midtown department store. Remembering the President's collection of material about Hyde Park she sent the picture to him because she felt that he would like to have it.

She received a note of thanks from Mr. Roosevelt in which he said he was "delighted to have it and it is going to my Dutchess county collection at the library in Hyde Park."

HEALTH QUIZ

Do you have poor digestion? YES NO
Do you feel headachy after eating? YES NO
Do you get sour or upset easily? YES NO
Do you feel tired—listless? YES NO

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

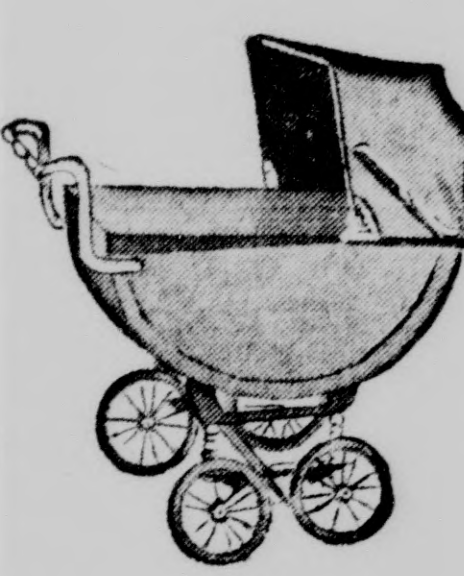

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills directed. Get them at any drugstore. Only 10¢ and 20¢.
